7 Day Profit Machine binary system was designed by Sam Parker, who has now dedicated himself to trading binary options and helping others do so at the same time. Besides, travelling the world and sharing his knowledge on the subject at his fully booked seminars, he has now come up with an automated system that trades for you.

Play the forex markets to win with this invaluable guide to strategy and analysis Day Trading and Swing Trading the Currency Market gives forex traders the strategies and skills they need to approach this highly competitive arena on an equal footing with major institutions. Now in it's third edition, this invaluable guide provides the latest statistics, data, and analysis of recent events, giving you the most up-to-date picture of the state of the fast-moving foreign exchange markets. You'll learn how the interbank currency markets work, and how to borrow strategy from the biggest players to profit from trends. Clear and comprehensive, this book describes the technical and fundamental strategies that allow individual traders to compete with bank traders, and gives you comprehensive explanations of strategies involving intermarket relationships, interest rate differentials, option volatilities, news events, and more. The companion website gives you access to video seminars on how to be a better trader, providing another leg up in this competitive market. The multi-billion-dollar foreign exchange market is the most actively traded market in the world. With online trading platforms now offering retail traders direct access to the interbank foreign exchange market, there's never been a better time for individuals to learn the ropes of this somewhat secretive area. This book is your complete guide to forex trading, equipping you to play with the big guys and win—on your own terms. Understand how the foreign currency markets work, and the forces that move them Analyze the market to profit from short-term swings using time-tested strategies Learn a variety of technical trades for navigating overbought or oversold markets Examine the unique characteristics of various currency pairs Many of the world's most successful traders have made the bulk of their winnings in the currency market, and now it's your turn. Day Trading and Swing Trading the Currency Market is the must-have guide for all foreign exchange traders.

The Ultimate Guide to Investing and Trading Stocks THIS BUNDLE IS MADE UP OF ANDREW JOHNSONS'S MASTERPIECES ON INVESTING AND TRADING WHICH INCLUDE: Day Trading: The Ultimate Guide to Day Trading: Uncovering Day Trading Profit Making Secrets AND Options Trading: The Ultimate Guide to Options Trading: Uncovering Options Trading Profit Making Secrets AND Day Trading: Strategies on How to Excel at Day Trading AND Options Trading: Strategies on How to Excel at Options Trading You can make a lot of money trading and investing in stocks but you can also lose a lot of money if you do not know what you are doing. This book will share with you proven strategies which traders use to make successful trades and investments. It no longer has to be a secret how the traders make money. You can also have that edge with this book. Inside you will find: Tips for successfully choosing the right trade at the right time a statistically relevant portion of the time The importance of timing and how to ensure you always choose the right time to enter or exit a trade The five most important attributes for every successful day trader to have and how to implement them in your own life The difference between the butterfly spread and the modified butterfly spread and when to use each for the best results The difference between liquid and illiquid options and which you stay away from more often than not. Why it is important to consider historical volatility before you make any moves. Which metrics you are going to want to consider in order to determine if your trading plan is a dud or a financial stud. Ten different trading strategies for all seasons and market moods and how to get the most out of each one. 14 different patterns that will help you determine the current momentum of the market no matter what the specifics. The 6 different types of gaps and how to make the most out of each of them before the fills set in. Everything you ever wanted to know about rising and falling wedges as well as the mysterious sideways wedge. And much more...
