extensively rewritten and revised in this edition

IAP Textbook of Pediatrics is the latest edition of this extensive textbook, which highlights the substantial advances in preventive and therapeutic care in paediatrics since the last edition. This edition has been thoroughly revised and reorganised into a single volume, enhanced by nearly 1200 full colour images and illustrations which allow for quick and easy reference. New content and topics in this edition include new IAP growth charts, human milk banking, and survival of childhood cancer.

Since the publication of the first edition in 1973, Achar s Textbook of Pediatrics has quickly established its reputation as one of the classic textbooks on the subject. In this, the fourth edition of the book, the content has been updated and revised to reflect current approaches and knowledge. New images, colour photographs, a CD with additional content and up-to-date tables and graphs have also been added. This textbook is aimed at providing medical undergraduates with a solid grounding on the diseases, management and care of infants and children while also addressing the needs of and problems faced by today s adolescents.
