Covers all aspects of RV living from selecting the right RV and towing vehicles, to basic maintenance, driving tips, and cooking on the road and includes helpful information on the different types of RVs, new products, and technology, as well as travel tips. Original. 15,000 first printing.

Healthcare in the U.S. faces two interpenetrating certainties. First, with over 66 racial and ethnic groupings, our "American Mosaic" of worldviews and values unavoidably generates clashes in hospitals and clinics. Second, our public increasingly mistrusts our healthcare system and delivery. One certainty fuels the other. Conflicts in the clinical encounter, particularly with patients from other cultures, often challenge dominant assumptions of morally appropriate principles and behavior. In turn, lack of understanding, misinterpretation, stereotyping, and outright discrimination result in poor health outcomes, compounding further mistrust. To address these cultural fault lines, healthcare institutions have initiated efforts to ensure "cultural competence." Yet, these efforts become institutional window-dressing without tackling deeper issues, issues having to do with attitudes, understanding, and, most importantly, ways we communicate with patients. These deeper issues reflect a fundamental, original fault line: the ever-widening gap between serving our own interests while disregarding the concerns of more vulnerable patients, those on the margins, those Others who remain disenfranchised because they are Other. This book examines this and how we must become the voice for these Others whose vulnerability and suffering are palpable. The author argues that, as a vital and necessary condition for cultural competency, we must learn to cultivate the virtue of Presence - of genuinely being there with our patients. Cultural competency is less a matter of acquiring knowledge of other cultures. Cultural competency demands as a prerequisite for all patients, not just for those who seem different, genuine embodied Presence. Genuine, interpersonal, embodied presence is especially crucial in our screen-centric and Facebook world where interaction is mediated through technologies rather than through authentic face-to-face engagement. This is sadly apparent in healthcare, where we have replaced interpersonal care with technological intervention. Indeed, we are all potential patients. When we become ill, we too will most likely assume roles of vulnerability. We too may feel as invisible as those on the margins. These are not armchair reflections. Brannigan's incisive analysis comes from his scholarship in healthcare and intercultural ethics, along with his longstanding clinical experience in numerous healthcare settings with patients, their families, and healthcare professionals.

Vintage camper trailers are a unique symbol of midcentury America that resonates with many people. This book introduces many of those people, along

with the trailers they've lovingly maintained or restored. It includes hundreds of photographs of everything from fancy and comfortable trailers designed for glamping (glamorous camping), to trailers handed down through families across generations, and even entrepreneurs who have transformed their trailers into vending booths. Paul Lacitinola enjoys everything about vintage camper trailers, including rescuing, restoring, and rallying. In 2011, he began publishing the first U.S.-based magazine for collectors, restorers, and admirers of American-made camper trailers, *Vintage Camper Trailers*, which now has thousands of subscribers in more than a dozen different countries. He lives in Elverta, California.

The RVer's Bible is the ultimate guide to living and traveling in a recreational vehicle. From purchasing, maintaining, and driving the rig to navigating the emotional pitfalls of life on the road, this handbook covers all the bases. Now revised and updated, the RVer's Bible keeps you up-to-date with all the new technologies and systems of the 21st century RV.

The story of the Holy Grail has gripped the imaginations of millions since it first appeared in medieval romances, among them Wolfram von Eschenbach's Middle High German *Parzival* (c. 1210). Strangely, the Grail is identified in *Parzival* not as a cup or dish, but as a stone. This oddity is usually interpreted merely as further evidence of the difficulty of discerning the true sources of the Grail legend. G. Ronald Murphy seeks to illuminate this mystery and to enable a far better appreciation of Wolfram's insight into the nature of the Grail and its relationship to the Crusades. Wolfram's -sacred stone- was in fact a consecrated altar, precious by virtue of the sacrament but also, Murphy argues, by virtue of the material from which it was made: a precious green stone associated with the rivers of Paradise. *Parzival*, Murphy believes, was intended as an argument against continued efforts by Latin Christians to recover the Sepulchre by force. In Wolfram's story, warring Christians and Muslims are brought together in peace by the power of the Grail - a stone Murphy believes still exists. An entirely original reading of Wolfram's famous text, this engrossing and accessible book appeals not only to scholars and students of medieval literature but to anyone who is drawn to the lasting mystery of the Holy Grail.

Whether you're downsizing or thrill-seeking—or anything in between—find out if the RV lifestyle is right for you, and learn how to transition from a life of traditional home-ownership to one on the road. Do you love traveling? Meeting new people and seeing new places? Are you craving a life that feels meaningful and new? The RV lifestyle could be the answer. Both aspirational and practical, *Living the RV Life* is your ultimate guide to living life on the road—for people of all ages looking to downsize, travel, or work on the go. Learn if life in a motor home is right for you, with insightful details on the experiences of full-time RV-ers, tips for how to choose an RV (how big? new or used?), whether to sell your home (and if not, what to do with it), model costs, sample routes and destinations, basic vehicle maintenance, legal and government considerations—and much more! Written in a light and an easy-to-understand style, *Living the RV Life* is your bible to living a mobile life.
