"Based on Star Trek created by Gene Roddenberry, and Star Trek, Voyager created by Rick Berman & Michael Piller & Jeri Taylor."

An all-new novel that continues the epic saga of the Starship Voyager! Following the destruction of four fleet vessels at the hands of the Omega Continuum, the U.S.S. Voyager and U.S.S. Demeter set course for a region of the Delta Quadrant far beyond anything previously explored. Captain Chakotay is determined to prove to Starfleet Command that the fleet's ongoing mission is vital to Federation interests . . . and the key to doing so may lie in a distress call Voyager received nine years earlier but could not investigate. Meanwhile, Vice Admiral Kathryn Janeway is recalled to the Alpha Quadrant for an evaluation period to determine her next assignment. Given the trauma she has recently endured, Admiral Akaar, Starfleet's commander in chief, is questioning Janeway's fitness to command the fleet. Janeway's primary concern remains the fleet's safety -- for their mission to continue, she must find a way to secure the resources they require. But the uncertainty of her superior officers has left her powerless to act in their best interests.

"Based on Star trek created by Gene Roddenberry and Star trek: Voyager created by Rick Berman & Michael Piller & Jeri Taylor."

In the climactic conclusion to the Star Trek: Destiny trilogy the greatest menace to the galaxy, the Borg, were absorbed into the Caeliar gestalt -- with one exception, Seven of Nine, who finds herself trapped in a half existence, neither drone nor human. Seven agrees to join

Chakotay, the former captain of the USS Voyager, to rendezvous with the ships that Starfleet Command has sent into the Delta Quadrant and see if they can solve the mystery of the Caeliar's disappearance. In a region of space which has lived in fear of instant annihilation, Voyager is charged with reaching out to possible allies and resolving old enmities. But these are not the friendly stars of the Federation, and out here the unknown and the unexpected cannot be dealt with by standard Starfleet protocols.

An original novel set in the universe of Star Trek: Voyager—and the sequel to the New York Times bestseller Protectors! Admiral Kathryn Janeway has now taken command of the Full Circle Fleet. Her first mission: return to the Delta Quadrant and open diplomatic relations with the Confederacy of the Worlds of the First Quadrant, a civilization whose power rivals that of the Federation. Captain Chakotay knows that his choices could derail the potential alliance. While grateful to the Confederacy Interstellar Fleet for rescuing the Federation starships from an alien armada, Voyager's captain cannot forget the horrors upon which the Confederacy was founded. More troubling, it appears that several of Voyager's old adversaries have formed a separate and unlikely pact that is determined to bring down the Confederacy at all costs. Sins of the past haunt the crew members of the Full Circle Fleet as they attempt to chart a course for the future. Will they learn much too late that some sins can never be forgiven—or forgotten?

the "Blue Eye" singularity continues: Thread by thread, the fabric slowly frays and peels away, breaking down barriers between dimensions. As the lines between realities blur, the consequences cascade. A Sleeping City Awakes Voyager pursues Tuvok to a long-dormant space station, a place of astonishing grandeur and wonder. Ancient almost beyond imagining, the city seduces the crew with the promise that their greatest aspirations might be realized. Such promise requires sacrifice, however, and the price of fulfilling them will be high for Voyager. A Mysterious Power Stirs Unseen sentries, alarmed by Voyager's meddling in the Monoharan system, send emissaries to ascertain Janeway's intentions. Unbeknownst to the captain, she is being tested and must persuade her evaluators that their contention -- that Voyager poses a threat to the delicate web of cosmic ecology -- is baseless. And failure to vindicate her choices will bring certain retribution to her crew.

□YOU WERE TOLD NOT TO RETURN TO OUR SPACE.□ Little is known about the Children of the Storm□one of the most unique and potentially dangerous species the Federation has ever encountered. Non-corporeal and traveling through space in vessels apparently propelled by thought alone, the Children of the Storm at one time managed to destroy thousands of Borg ships without firing a single conventional weapon. Now in its current mission to the Delta Quadrant, Captain Chakotay and Fleet Commander Afsarah Eden must unravel whythree Federation starships□the U.S.S. Quirinal, Planck, and Demeter□have suddenly been targeted without provocation and with extreme prejudice by the powerful Children of the Storm . . . with thousands of Starfleet lives at stake from an enemy that the Federation can only begin to comprehend. . . .

The long-awaited follow-up to *Voyager: Architects of Infinity* from the New York Times bestselling author and cocreator of *Star Trek: Picard*! As the crew of the Full Circle fleet works to determine the fate of their lost ship, the *Galen*, a struggle for survival begins at the far edge of the galaxy. New revelations about Species 001, the race that built the biodomes that first drew the fleet to investigate planet DK-1116, force Admiral Kathryn Janeway to risk everything to learn the truth.

An original novel set in the universe of *Star Trek: Voyager*, from the New York Times bestselling author! As the Federation Starship *Voyager* continues to lead the Full Circle Fleet in its exploration of the Delta Quadrant, Admiral Kathryn Janeway remains concerned about the Krenim Imperium and its ability to rewrite time to suit its whims. At Captain Chakotay's suggestion, however, she orders the fleet to focus its attention on a unique planet in a binary system, where a new element has been discovered. Several biospheres exist on this otherwise uninhabitable world, each containing different atmospheres and features that argue other sentient beings once resided on the surface. Janeway hopes that digging into an old-fashioned scientific mystery will lift the crews' morale, but she soon realizes that the secrets buried on this world may be part of a much larger puzzle—one that points to the existence of a species whose power to reshape the galaxy might dwarf that of the Krenim. Meanwhile, Lieutenants Nancy Conlon and Harry Kim continue to struggle with the choices related to Conlon's degenerative condition. Full Circle's medical staff discovers a potential solution, but complications will force a fellow officer to confront her people's troubled past and her own future in ways she never
