Based on a true story, The Forgotten Child is a heart-breaking memoir of an abandoned newborn baby left to die, his tempestuous upbringing, and how he came through the other side.

Now with a forward by Sean Hannity, this powerful story of brotherhood, bravery, and patriotism exposes the true stories behind some of the Army's darkest secrets. The Army does not want you to read this book. It does not want to advertise its detention system that coddles enemy fighters while putting American soldiers at risk. It does not want to reveal the new lawyered-up Pentagon war ethic that prosecutes U.S. soldiers and Marines while setting free spies who kill Americans. This very system ambushed Captain Roger Hill and his men. Hill, a West Point grad and decorated combat veteran, was a rising young officer who had always followed the letter of the military law. In 2007, Hill got his dream job: infantry commander in the storied 101st Airborne. His new unit, Dog Company, 1-506th, had just returned stateside from the hell of Ramadi. The men were brilliant in combat but unpolished at home, where paperwork and inspections filled their days. With tough love, Hill and his First Sergeant, an old-school former drill instructor named Tommy Scott, turned the company into the top performers in the battalion. Hill and Scott then led Dog Company into combat in Afghanistan, where a third of their men became battlefield casualties after just six months. Meanwhile, Hill found himself at war with his own battalion commander, a charismatic but difficult man who threatened to relieve Hill at every turn. After two of his men died on a routine patrol, Hill and a counterintelligence team busted a dozen enemy infiltrators on their base in the violent province of Wardak. Abandoned by his high command, Hill suddenly faced an excruciating choice: follow Army rules the way he always had, or damn the rules to his own destruction and protect the men he'd grown to love.

The heartbreaking, iconic true story of an abandoned little boy's horrific journey through the American foster care system One misty evening, Jennings Michael Burch's mother, too sick to care for him, left her eight-year-old son at an orphanage with the words, "I'll be right back." She wasn't. Shuttled through a bleak series of foster homes, orphanages, and institutions, Jennings never remained in any of them long enough to make a friend. Instead, he clung to a tattered stuffed animal named Doggie, his sole source of comfort in a frightening world. Here, in his own words, Jennings Michael Burch reveals the abuse and neglect he experienced during his lost childhood. But while his experiences are both shocking and devastating, his story is ultimately one of hope--the triumphant tale of a forgotten child who somehow found the courage to reach out for love and found it waiting for him.

For those who have been hurt or victimized, the pain can feel like an endless, inescapable cycle. This is the true story of a woman who found a way to heal. In the course of her life, Kelly Clayner had experienced various forms of abuse and abandonment from people she should have been able to trust. Her life felt empty and meaningless, until she encountered God. Here, she pens her story to offer hope, comfort, and wholeness to women like her, who are destined for more.

Abandoned tells the heartbreaking story of a little girl's abusive childhood and her subsequent homelessness as an adult. Born illegitimately to Irish lovers, Anya was given away by her real mother and brought up in England by her loving aunt. However, her childhood with her new family was far from happy - verbally and sexually abused for years, Anya finally cracked and shopped her violent uncle, resulting in his imprisonment. After his imprisonment and a few months before her twelfth birthday, Anya lost her whole family overnight. They didn't die, although they might as well have done; they just went away, abandoning her. There was no one else to care, so Anya pretended that she didn't either. She learnt to shut down, and not to let anybody in. She thought that she had worked through it all, overcome it. But then, several years later, through a series of unrelated problems, her life imploded again. Several things ended together: a job, a relationship, money, luck - and she ended up homeless and living in her car in a laneway at the edge of the woods.
