"The world is big and I am small." From the eyes of a baby penguin the world is a great big place. The sky so high, the ocean so deep, and the mountains so steep--all these things are magnificent from it's point of view. But in the eyes of it's mother--this little penguin is the biggest, most important thing in the world!

These are true stories but I used fictitious names for the main characters as I want to get the message out without hurting anyone. This book will appeal to the ole folks as well as the young and will be a priceless possession in the future. There will never be another book like this as most all of the characters have left Planet Earth and I am now eighty two years old. The subjects in each story are different.
