The author traces the growth of his family's antique business, offers a profile of his father, the business's founder, and describes the people and museums who collect antique furniture

The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands—fled the Old World for the New, seeking haven from the ways of Man. With them came their precious jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels in 1982 dollars, are buried. The key to finding each can be found within the twelve full-color paintings and verses of THE SECRET. Are you smart enough? THE SECRET: A TREASURE HUNT was published in 1982. The year before publication, the author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by two members of the Quest4Treasure forum.

"A full-throttle, first-person account of the treasure hunt set in motion by Forest Fenn--an eccentric art dealer and, some would say, robber baron--in 2010 that lasted a full decade and became the stuff of contemporary legend. When Forest Fenn was told he was going to die, he hid a chest full of jewels and gold in the wilderness and published a poem that contained a series of clues about the treasure's secret location. But he didn't die, and he wouldn't reveal the location. The wild hunt went on for another ten years. Daniel Barbarisi first learned of Fenn's hunt in 2017 when a friend began decoding the poem and convinced Barbarisi to catalogue his search. What began as a great story documenting the history of Fenn's treasure hunt--the rumors, characters, and pitfalls--quickly turned into a personal quest, as Barbarisi found himself on a sometimes reckless and possibly dead-end path, despite having a family at home. Over the course of the next three years, several searchers would die, endless controversies would erupt, and one anonymous unknown would find the ultimate prize. Rich with mystery, danger, and break-neck action, Barbarisi's account of the imagination and drive of desire, of obsession, and of a particularly unbridled adventure is pure gold on the page"--

In a wondrous world of riddles and hidden treasure, bumbling Jack Hare is on a race against time to deliver a message of love from the Moon to the Sun. Far, far away in a world just like ours, a mother cheers her son Joe with the tale of Jack Hare's adventure. But when Jack's mission goes topsy-turvy, Joe and his mum must come to the rescue, and the line between the two worlds becomes blurred forever. Bringing to life Kit Williams' iconic picture book, Masquerade stars a talking fish, a tone-deaf barbershop quartet, a gassy pig, a precious jewel and a few mere mortals. It's a magical adventure that is, at its heart, about the love between a parent and a child.

The Van Renn Legacy by Julie Kistler released on May 23, 1986 is available now for purchase.

"THE SEARCH IS OVER! FORREST HAS CONFIRMED THAT THE TREASURE HAS BEEN FOUND (6/6/20)." This thrilling announcement, covered by national news, was originally released by an eccentric old man. A brilliant expert in antiquities as well as a wilderness explorer in his younger days: Forrest Fenn. Masterfully, Fenn selected a multi-million-dollar collection of gold, gemstones and artifacts to stash deep within the savage wilderness. Why? This chest was his legacy. He invited the entire world to embark on the now-famous adventure of a lifetime. With hundreds of thousands of searchers invested in this chase, Forrest offers nothing but a cryptic 166-word poem to mark the end of the "rainbow." The Author solves the riddle over the course of three years and seven separate search attempts. He finally reaches out to Fenn with his triumphant discovery. Later... Having found that which has been long sought after, the author digs even deeper to uncover the truth behind Fenn's legacy, only to discover a slight distortion. There was a falsity that went just a little too far. Forrest Fenn had surely crossed the line and it must be called out. Now to prove it! There were several options to prove Fenn's lie, but providing The Solve was always the most elegant. What better than to go out with the final card? It was the same card my opponent held and refused to play. So the final answer must be revealed, and my story would be told. I do realize several books on the topic of Fenn's Treasure have already been published. Over the years, I've seen some compelling solves. Some are creative and some are downright bad. Either way, I think it's fair to say most of us had fun playing the game. I suppose it's also fair to say, most of us are disappointed by how Fenn's game came to an end. I understand some will want proof before they buy my book. Well, posting a picture of the gold would be a shortcut. but. . . On May 28, 2020, just nine days before the announcement about the chest being found, I walked into the UPS store and mailed Forrest Fenn a package containing a letter and a rock. My letter contained a map-not my map, but the map. It was his map, The Solve. I sent Fenn a map and a four-sentence letter thanking him for the adventure of a lifetime. According to my shipping label, the contents of my package also included rock. Not just any rock-It was a specific item that I had carefully chosen to enlighten Fenn to my right-thinking and my willingness to prove it. It was an unmistakable artifact that Fenn would easily identify. The USPS tracking code has long since expired, but the Shipment ID: MMN870SK8S1Q3 can still be verified at: [theupsstore.com](https://theupsstore.com) The final solve, the map, and the end of the riddle are finally revealed!
