Boost your score with insights from the people who know the exam from the inside out. Practice questions – a mini-test in the book, a full-length exam online. Are you ready for your exam? Try our focused practice set inside the book. Then go online to take our full-length practice exam. You'll get the benefits of timed testing, detailed answers, and automatic scoring that pinpoints your performance based on the official AP® exam topics – so you'll be confident on test day. Whether you're cramming for the exam or looking to recap and reinforce your teacher's lessons, Crash Course® is the study guide every AP® student needs. About Our Authors Katherine Olson-Goldman has spent the last two decades developing and teaching numerous courses in government and politics, law, and history, including AP® United States Government and Politics, AP® Comparative Government and Politics, and Practical Law. Ms. Olson-Goldman holds a bachelor's degree in political science from DePaul University, a secondary teaching certification from the University of Wisconsin, and a Juris Doctor from Marquette University Law School where she was a Thomas Moore scholar and served on law review. Nancy Fenton, M.A., teaches AP® U.S. Government and Politics at the award-winning Adlai E. Stevenson High School in Lincolnshire, Illinois. She has been teaching government and politics since 2003. Ms. Fenton is also a College Board consultant and has served as a reader for AP® Psychology since 2008 and a table leader since 2017. She has a bachelor's degree in history and holds two master's degrees, one in psychology and one in curriculum and instruction technology.

The Committee on House Administration is pleased to present this revised book on our United States Government. This publication continues to be a popular introductory guide for American citizens and those of other countries who seek a greater understanding of our heritage of democracy. The question-and-answer format covers a broad range of topics dealing with the

legislative, executive, and judicial branches of our Government as well as the electoral process and the role of political parties.--Foreword.

For the more than one million students taking the AP exams each year Boxed quotes offering advice from students who have aced the exams and from AP teachers and college professors Sample tests that closely simulate real exams Review material based on the contents of the most recent tests Icons highlighting important facts, vocabulary, and frequently asked questions Websites and links to valuable online test resources, along with author e-mail addresses for students with follow-up questions Authors who are either AP course instructors or exam developers

Gridlock is not a modern legislative condition. Although the term is said to have entered the American political lexicon after the 1980 elections, Alexander Hamilton complained about it more than two hundred years ago. In many ways, stalemate seems endemic to American politics. Constitutional skeptics even suggest that the framers intentionally designed the Constitution to guarantee gridlock. In *Stalemate*, Sarah Binder examines the causes and consequences of gridlock, focusing on the ability of Congress to broach and secure policy compromise on significant national issues. Reviewing more than fifty years of legislative history, Binder measures the frequency of deadlock during that time and offers concrete advice for policymakers interested in improving the institutional capacity of Congress. Binder begins by revisiting the notion of "framers' intent," investigating whether gridlock was the preferred outcome of those who designed the American system of separated powers. Her research suggests that frequent policy gridlock might instead be an unintended consequence of constitutional design. Next, she explores the ways in which elections and institutions together shape the capacity of Congress and the president to make public law. She examines two facets of its institutional evolution: the emergence of the Senate as a coequal legislative partner of the House and the insertion of political parties into a legislative arena originally devoid of parties. Finally, she offers a new empirical approach for testing accounts of policy stalemate during the decades since World War II. These measurements reveal patterns in legislative performance during the second half of the twentieth century, showing the frequency of policy deadlock and the legislative stages at which it has most often emerged in the postwar period. Binder uses the new measure of stalemate to explain empirical patterns in the frequency of gridlock. The results weave together the effects of institutions and elections and place in perspective the impact of divided government on legislative performance. The conclusion addresses the consequences of legislative stalemate, assessing whether and to what degree deadlock might affect electoral fortunes, political ambitions, and institutional reputations of legislators and presidents. The results suggest that recurring episodes of stalemate pose a dilemma for legislators and others who care about the institutional standing and capacity of Congress. Binder encourages scholars, political observers, and lawmakers to consider modest reforms that could have strong and salutary effects on the institutional standing and legitimacy of Congress and the president.
