First let us define not only the difference between Auto Body Repairs and Paint Work but where one stops and the other begins. Body work ends at the point where you pick up your sander or sandpaper to begin feathering the paint and prep for primer. In other words, you've removed the dents, filled the surface irregularities with bondo or whatever and are just about ready to apply primer but must remove the scratches first and also make the step from the metal to the surface of the old paint a ...

On a minor dent like this one it can usually be repaired in less than an hour using the proper tools and materials. After cleaning the surface with a grease and wax remover a grinder is used to remove the paint and give the metal some tooth/texture to help hold body filler in place. One of the best tools for pulling out dents is a STUD WELDER.

Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.
