bank contains a set of carefully researched and framed questions meant to optimise your study experience and the content here will stimulate your thinking in the way as it would be required on the actual PMP Exam. Key features of this PMP question bank: 300 questions sorted on individual knowledge areas of the PMBOK - an excellent accompaniment for after-chapter revisions during your PMP Exam preparation. Detailed solutions provided at the end of each chapter so that you understand precisely why a particular answer choice is the right one. Also includes questions on the Project Management Framework and questions on Professional Ethics. Questions are similar in structure, style and difficulty-level with the actual questions that appear in the PMP Exam - therefore, you get wider exposure in fewer questions. '300 Practice Questions for the PMP Exam' is an excellent accompaniment to your PMP preparation arsenal that you should not miss! Details of changes made in the revised edition of '300 Practice Questions for the PMP Exam': Questions and solutions related to processes and ITTOs from the previous PMBOK 5th Edition that are no longer applicable in the PMBOK 6th Edition have been permanently removed. Approximately 10% of all questions and solutions are either newly introduced or altered from their original form in the previous edition of this book, to comply with the changes introduced in the PMBOK 6th Edition. Questions/Content from the previous edition of this book that are still relevant for the PMBOK 6th Edition have been retained in this edition too.

practical tips and advice. You will be able to understand the Agile manifesto, its principles and many facets of Agile project management such as planning, prioritization, estimation, releases, retrospectives, risk management, and continuous improvement. The book covers Agile metrics and means of demonstrating progress. People management aspects such as behavioral traits, servant leadership, negotiation, conflict management, team building, and Agile coaching are explained. Whether you are a beginner or a seasoned practitioner, this book also serves as a practical reference for key concepts in Agile and Agile methodologies such as Scrum, XP, Lean, and Kanban. What you will learn:

- The necessary knowledge of the skills, tools, and techniques that are required for passing the PMI-ACP examination
- To understand the scope and objectives of the PMI-ACP exam, and gain confidence by taking practice quizzes provided in each chapter and three full-length mock exams
- To gain exposure to Agile methodologies such as Scrum, XP, Lean, and Kanban plus various tools and techniques required to conduct Agile projects
- The focus is to "Be Agile", rather than "Do Agile"

Who this book is for: The audience for this book primarily includes IT professionals who wish to prepare for and pass the Agile Certified Professional (ACP) exam from the Project Management Institute (PMI). The book also is a practical reference book for Agile Practitioners. /div

books focus on passing strategy this book focuses on simplicity and clarity of understanding the concepts. The best way to guarantee acing the exams. Each concept practically explained with examples from different domain. Thus making you practically effective as well. 100's of illustrations for easy recall and retention and make the book interesting. Loaded with tips and tricks that you can actually use. Every chapter ends with a Ninja Drill to refresh the most important concepts in that Chapter / Knowledge Area. The only book that gives access to "Real Exams" like simulator. Details of access inside the book. This would let you know your improvement areas as well. Author has over 19,000 certified candidates who trained under him / his company called PM-Pulse. The only set of books you would need to buy. They are complete in all respects (Minus the mindless Exams Passing strategies and schemes). What is the philosophy of this book / training? The book is based on 3 simple philosophy. One: if you understand the subject well you will be able to answer any question, no matter how complex, that's asked to you on that subject. It's much easier to understand the subject than to run around trying to understand different kinds of questions, schemes, strategies and jargons to clear PMP Exams. We have been using this methodology since 2006 with over 19,000 PMP certified professionals and our candidates not only pass the exams in first try they also become practically better in project management due to "Understanding" the subject. Two: if the subject is explained in an interesting manner and with a lot of real world examples people absorb it better and remember it the longest. Hence these series are filled with apt and real world examples for every single concept. And Three: people respond to illustrations and images better than just plain text. This book is filled with illustrations of concepts, tips and tricks and mind-maps that will make it easy for you to understand as well as help you create image-associations for speedy recalls and retention. Ok! So who is the author? If it's essential to project management... it's in here! The first edition of The Project Management Answer Book addressed all the key principles of project management that every project manager needs to know. With a new chapter on scrum agile, updates throughout, and many new PMP® test tips, this new edition builds on that solid foundation. The structure of this update maps closely to the PMBOK® Guide, Fifth Edition, and is designed to assist anyone studying for the PMP® and other certification exams. Helpful sections cover:

- Networking and social media tips for PMs, including the best professional organizations, virtual groups, and podcast resources
- The formulas PMs need to know, plus a template to help certification candidates prepare and self-test for their exams
- Quick study sheet for the processes covered on the PMP® exam
- Key changes in PMBOK® Guide, Fifth Edition, for readers familiar with earlier versions who want “ the skinny ” on the new version. PMs at every level will find real gold in the information nuggets provided in this new edition. Those new to project management will find the comprehensive coverage and the depth of the answers especially valuable, and will like the easy-to-read style and Q&A format. For experienced managers looking for new tools and skills to help them pass their PMP® or other certification exams, this is a must-have resource.
