Here is a unique book. It describes the theories and processes of repairing and adjusting the modern watch in precise and meticulous detail: a thing which has never been done so completely before in the many books on the same subject. As a text book it is a revelation. Taking nothing for granted, except the ability to read and comprehend a simple description of mechanical processes, de Carle takes his reader through every stage and every operation of watch repairing ...and to deal with them thoroughly is quite a programme - it takes 300 pages containing 24 chapters, two appendices and 553 illustrations. The

fine draughtsmanship and accurate technical detail of the illustrations set a new standard. Practical Watch Repairing can justifiably claim to be the best illustrated book on practical horology yet issued, and one of the best of its kind on any subject. The publication of the book marks the beginning of a new epoch in the study of the mechanics of horology.

Winner of the Foundation for Coast Guard History's award for a brilliantly researched chronicle of shipwrecks along the New Jersey Shore from 1642 to the present day. New Jersey Shipwrecks takes us on a gripping voyage through the Graveyard of the

Atlantic, a name bestowed upon the state's treacherous shoals and inlets. Before this coastline became a summer playground of second homes and resort beaches, it was a wild frontier of uninhabited and shifting sandbars. From the days of sail to steam and oil, ships (and submarines) have been drawn to this coast. And, for thousands of vessels, it became their final resting-place. Early rescuers braved the seas in small boats, using simple buoys and rope to help victims. Others invented new technologies to assist in rescues. Quoting from original letters and reports, *Shipwrecks* reveals the sense of duty and honor which prevailed in these brave rescuers. Many devoted their lives – literally – to help save others whose lives were turned upside down in stormy Atlantic waters. From the early wrecks of the

18th century to the present day, the life-and-death drama of maritime disasters is captured in *Shipwrecks*, along with the history of the U. S. Lifesaving Service (later to become the Coast Guard), lighthouses, legends, and true accounts of heroism. 142 historic photographs and illustrations are displayed in this quality, large-format softcover, which also includes a listing of the hundreds of wrecks along the New Jersey Shore, as well as an index and bibliography.

Like *The Group*, Mary McCarthy's classic tale about coming of age in New York, Joanna Smith Rakoff's richly drawn and immensely satisfying first novel details the lives of a group

of Oberlin graduates whose ambitions and friendships threaten to unravel as they chase their dreams, shed their youth, and build their lives in Brooklyn during the late 1990s and the turn of the twenty-first century. There's Lil, a would-be scholar whose marriage to an egotistical writer initially brings the group back together (and ultimately drives it apart); Beth, who struggles to let go of her old beau Dave, a onetime piano prodigy trapped by his own insecurity; Emily, an actor perpetually on the verge of success -- and starvation -- who grapples with her jealousy of Tal, whose acting career has taken off. At the center of their orbit is wry, charismatic Sadie Peregrine, who coolly observes her friends' mistakes but can't quite manage to avoid making her own. As they begin their careers, marry, and

have children, they must navigate the shifting dynamics of their friendships and of the world around them. Set against the backdrop of the vast economic and political changes of the era -- from the decadent age of dot-com millionaires to the sobering post-September 2001 landscape -- Smith Rakoff's deeply affecting characters and incisive social commentary are reminiscent of the great Victorian novels. This brilliant and ambitious debut captures a generation and heralds the arrival of a bold and important new writer.

students apply conceptual, strategic thinking to issues in marketing management, as well as provide them with more practical operational ideas and methods. Cases were chosen from around the world, from small and large corporations, and include household names such as Twitter, Best Buy, Ruth's Chris, and Kraft Foods. The majority of the cases are very recent (from 2009 or later). Each chapter begins with an introductory review of the topic area prior to the set of cases, and questions are included after each case to help students to think critically about the material. Cases in Marketing Management is edited by Kenneth E. Clow and Donald Baack, and follows the structure and goals of their textbook Marketing Management: A Customer-Oriented Approach. Retirement ROCKS is an insightful case study of the Golden Age that offers both great new opportunities and deep, heartbreaking challenges. Since June 2007, the author and her gringo have embarked in this stage with enthusiasm and zest: they moved to a small retirement home and experimented with activities and relationships that fit their interests and abilities. Retirement ROCKS because it can be incredibly rewarding and

adventurous as we leave behind the normal worries of child-rearing and professional pressures, and it ROCKS because it will inevitably bring the disappearance of treasured loved ones and the health decline that we all must face. This autobiographical personal monograph pictures the daily routines of Maria and Bill in their late sixties and early seventies, detailing the specifics of adapting to their new environment. It has humor and pathos. The family and friends relationships reflect universal themes. It includes travel journals of their world explorations (Scandinavia, Mediterranean, Russia, China, and more), as well as practical examples of their activities and their choices.
