#1 New York Times bestselling author Philippa Gregory weaves an unforgettable tale of a young woman's sorcery and desire in Henry VIII's England, where magic, lust, and power are forever intertwined. Growing up as an abandoned outcast on the moors, young Alys' only company is her cruel foster mother, Morach, the local wise woman who is whispered to practice the dark arts. Alys joins a nunnery to escape the poverty and loneliness she has felt all her life, but all too soon her sanctuary is destroyed. King Henry VIII's followers burn the holy place to the ground, and Alys only just manages to escape with her life, haunted by the screams of her sisters as they burned to death. She finds work in a castle not far from where she grew up as an old lord's scribe, where she falls obsessively in love with his son Hugo. But Hugo is already married to a proud woman named Catherine. Driven to desperation by her desire, she summons the most dangerous powers Morach taught her, but quickly the passionate triangle of Alys, Hugo, and Catherine begins to explode, launching them into uncharted sexual waters. The magic Alys has conjured now has a life of its own—a life that is horrifyingly and disastrously out of control. Is she a witch? Since heresy means the stake, and witchcraft the rope, Alys is in mortal danger, treading a perilous path between her faith and her own power.

Jack Loveless attempts to avert his grandson's questions about his role in World War I by taking him to visit the battlefield graveyards in France. While there he meets a German soldier from the past and vividly remembers the Christmas truce, a miraculous moment when the guns fell silent and horrors of war were temporarily forgotten in a football match. NATIONAL BESTSELLER □ □Rutherford brings England's New Forest to life□ (The Seattle Times) in this companion to the critically acclaimed Sarum From the time of the Norman Conquest to the present day, the New Forest, along England's southern coast, has remained an almost mythical place. It is here that Saxon and Norman kings rode forth with their hunting parties, and where William the Conqueror's son Rufus was mysteriously killed. The mighty oaks of the forest were used to build the ships for Admiral Nelson's navy, and the fishermen who lived in Christchurch and Lymington helped Sir Francis Drake fight off the Spanish Armada. The New Forest is the perfect backdrop for the families who people this epic story. The feuds, wars, loyalties, and passions of many hundreds of years reach their climax in a crime that shatters the decorous society of Bath in the days of Jane Austen, whose family lived on the edge of the Forest. Edward Rutherford is a master storyteller whose sense of place and character—both fictional and historical—is at its most vibrant in The Forest. □As entertaining as Sarum and Rutherford's other sweeping novel of British history, London.□□The Boston Globe
