It has become common knowledge that childhood obesity rates are increasing every year. But the rates continue to rise. And between busy work schedules and the inconvenient truth that kids simply refuse to eat vegetables and other healthy foods, how can average parents ensure their kids are getting the proper nutrition and avoiding bad eating habits? As a mother of three, Jessica Seinfeld can speak for all parents who struggle to feed their kids right and deal nightly with dinnertime fiascos. As she wages a personal war against sugars, packaged foods, and other nutritional saboteurs, she offers appetizing alternatives for parents who find themselves succumbing to the fastest and easiest (and least healthy) choices available to them. Her modus operandi? Her book is filled with traditional recipes that kids love, except they're stealthily packed with veggies hidden in them so kids don't even know! With the help of a nutritionist and a professional chef, Seinfeld has developed a month's worth of meals for kids of all ages that includes, for example, pureed cauliflower in mac and cheese, and kale in spaghetti and meatballs. She also provides revealing and humorous personal anecdotes, tear-out shopping guides to help parents zoom through the supermarket, and tips on how to deal with the kid that "must have" the latest sugar bomb cereal. But this book also contains much more than recipes and tips. By solving problems on a practical level for parents, Seinfeld addresses the big picture issues that surround childhood obesity and its long-term (and ruinous) effects on the body. With the help of a prominent nutritionist, her book provides parents with an arsenal of information related to kids' nutrition so parents understand why it's important to throw in a little avocado puree into their quesadillas. She discusses the critical importance of portion size, and the specific elements kids simply must have (as opposed to adults) in order to flourish now and in the future: protein, calcium, vitamins, and Omega 3 and 6 fats. Jessica Seinfeld's book is practical, easy-to-read, and a godsend for any parent that wants their kids to be healthy for a long time to come.

Create toys that will provide hours of creative play with themes from sports to nature to cooking and baking! Create artistic handmade toys to delight young children with this how-to book by Jessica Peck, the popular designer of Sweetie Pie Bakery patterns. From a charming tea party and delicious ice cream shop to an adventuresome teepee, the fun-worthy projects in this book will ignite your child's imagination and provide hours of open-ended play. The 10 projects include links to over 75 printable patterns. Simple enough to make in a day, each pattern uses readily available store-bought materials and comes with full-color photographs and step-by-step instructions. With these delightful toys, kids can enjoy a pretend glamping trip, grocery store shop, backyard cookout, and much more.

Rachel, having chosen to be mute following the sudden death of a classmate, shares responsibility with the other sixth-graders who decide not to report that the substitute teacher failed to show up.

"The best book of the summer." -- InStyle "I LOVED this novel....If you have ever sung along to a hit on the radio, in any decade, then you will devour Mary Jane at 45 rpm." Nick Hornby Almost Famous meets Daisy Jones & The Six in this "delightful" (New York Times Book Review) novel about a fourteen-year-old girl's coming of age in 1970s Baltimore, caught between her straight-laced family and the progressive family she nannies for-who happen to be secretly hiding a famous rock star and his movie star wife for the summer. In 1970s Baltimore, fourteen-year-old Mary Jane loves cooking with her mother, singing in her church choir, and enjoying her family's subscription to the Broadway Showtunes of the Month record club. Shy, quiet, and bookish, she's glad when she lands a summer job as a nanny for the daughter of a local doctor. A respectable job, Mary Jane's mother says. In a respectable house. The house may look respectable on the outside, but inside it's a literal and figurative mess: clutter on every surface, Impeachment: Now More Than Ever bumper stickers on the doors, cereal and takeout for dinner. And even more troublesome (were Mary Jane's mother to know, which she does not): the doctor is a psychiatrist who has cleared his summer for one important job-helping a famous rock star dry out. A week after Mary Jane starts, the rock star and his movie star wife move in. Over the course of the summer, Mary Jane introduces her new household to crisply ironed clothes and a family dinner schedule, and has a front-row seat to a liberal world of sex, drugs, and rock and roll (not to mention group therapy). Caught between the lifestyle she's always known and the future she's only just realized is possible, Mary Jane will arrive at September with a new idea about what she wants out of life, and what kind of person she's going to be.

A powerful, haunting memoir about one woman's childhood of abuse and her harrowing decision to leave it all behind that redefines our understanding of estrangement and the ability to triumph over adversity. To outsiders, Jessica Berger Gross's childhood-growing up in a "nice" Jewish family in middle class Long Island-seemed as wholesomely American as any other. But behind closed doors, Jessica suffered years of physical and emotional abuse at the hands of her father, whose mood would veer unexpectedly from loving to violent. At the age of twenty-eight, still reeling from the trauma but emotionally dependent on her dysfunctional family, Jessica made the anguished decision to cut ties with them entirely. Years later, living in Maine with a loving husband and young son, having finally found happiness, Jessica is convinced the decision saved her life. In her powerful memoir reminiscent of Jeannette Walls's bestseller The Glass Castle, Jessica breaks through common social taboos and bravely recounts the painful, self-defeating ways in which she internalized her abusive childhood, how she came to the monumental decision to break free from her family, and how she endured the difficult road that followed. Ultimately, by extracting herself from the damaging patterns and relationships of the past, Jessica has managed to carve an inspiring path to happiness-one she has created on her own terms. Her story, told here in a careful, unflinching, and forthright way, completely reframes how we think about family and the past.

It all began with a giant cheeseburger-shaped rice crispy treat, created on a whim and posted online. Since then, Misterkrisp, aka food artist Jessica Siskin, has become an Instagram sensation with her joy-inducing, pop-culture-inspired treats. Treat Yourself! is the perfect answer for any cook, crafty food lover, or creative parent looking to make crowd-pleasing and personalized treats for birthdays, holidays, school events, and virtually every other occasion. With no baking required, these playful, visually dazzling sweets are simple enough for anyone to whip up. Each of the 93 projects, arranged from Apple to Zebra, starts with a single base recipe. There are large, cake-sized treats to share and individual-sized treats perfect for bake sales and goody bags. Step-by-step instructions, vibrant illustrations, and downloadable templates ensure that anyone, with any level of skill, can turn out delicious, eye-catching creations: Lively designs for kids' parties-Robot, Dinosaur, Crown, Balloons. A Cheeseburger. A Statue of Liberty. A Dancing Lady Emoji. And a sweet centerpiece for your next Super Bowl bash: a Football Stadium filled with sprinkle spectators. It'll serve the neighborhood! Treats have never been so much fun or so doable.

The companion to Raina Telgemeier's #1 NEW YORK TIMES bestselling and Eisner Award-winning graphic memoir, SMILE. Raina can't wait to be a big sister. But once Amara is born, things aren't quite how she expected them to be. Amara is cute, but she's also a cranky, grouchy baby, and mostly prefers to play by herself. Their relationship doesn't improve much over the years, but when a baby brother enters the picture and later, something doesn't seem right between their parents, they realize they must figure out how to get along. They are sisters, after all. Raina uses her signature humor and charm in both present-day narrative and perfectly placed flashbacks to tell the story of her relationship with her sister, which unfolds during the course of a road trip from their home in San Francisco to a family reunion in Colorado.

When a small-town family is pushed to the brink, how far will they go to protect one of their own? An edgy, propulsive read about what we will do in the name of love and blood Tony has always looked out for his younger brother, Nick. So when he's called to a hospital bed where Nick is lying battered and bruised after a violent sexual assault, his protective instincts flare, and a white-hot rage begins to build. As a small-town New England lawyer, Tony's wife, Julia, has cases involving kids all the time. When Detective Rice gets assigned to this one, Julia feels they're in good hands. Especially because she senses that Rice, too, understands how things can quickly get complicated. Very complicated. After all, one moment Nick was having a drink with a handsome stranger; the next, he was at the center of an investigation threatening to tear not only him, but his entire family, apart. And now his attacker, out on bail, is disputing Nick's version of what happened. As Julia tries to help her brother-in-law, she sees Tony's desire for revenge, to fix things for Nick, getting out of control. Tony is starting to scare her. And before long, she finds herself asking: does she really know what her husband is capable of? Or of what she herself is? Exploring elements of doubt, tragedy, suspense, and justice, The Damage is an all-consuming read that marks the explosive debut of an extraordinary new writer.

A bit like the great movie Toy Story and a bit like the wonderful Kate DiCamillo book The Miraculous Journey of Edward Tulane. This is a great family book. The Washington Post on Toys Go Out, the companion to Toys Come Home Here is the final book in the highly acclaimed Toys trilogy, which includes the companion books Toys Go Out and Toy Dance Party and chronicles the unforgettable adventures of three brave and loving toys. Fans of the series, as well as newcomers, will happily discover how Lumphy, StingRay, and Plastic came to live with the Girl. In six linked adventures, readers will also learn how the one-eared Sheep became one-eared, watch a cranky toy meet an unfortunate end, and best of all, learn why it's okay for someone you truly love to puke on you. This is perhaps the most charming of three inimitably charming books destined to become classics. A Wall Street Journal Best Children's Book of the Year A Bank Street College of Education Best Children's Book of the Year A Junior Library Guild Selection "A timeless story of adventure and friendship to treasure aloud or independently. Wholly satisfying, this may well leave readers expecting to see the Velveteen Rabbit peeking in the bedroom window and smiling approvingly." Booklist, Starred The best talking toy stories since Winnie-the-Pooh. Kirkus Reviews "A book destined to be read to children at bedtime for decades (nay, centuries?) to come. It is rare that prequels exceed the books they are meant to simply introduce, but this is one of the few." Betsy Bird, A Fuse #8 Production

Random Family tells the American outlaw saga lurking behind the headlines of gangsta glamour, gold-drenched drug dealers, and street-corner society. With an immediacy made possible only after ten years of reporting, Adrian Nicole LeBlanc immerses the reader in the mind-boggling intricacies of the little-known ghetto world. She charts the tumultuous cycle of the generations, as girls become mothers, mothers become grandmothers, boys become criminals, and hope struggles against deprivation. Two romances thread through Random Family: the sexually charismatic nineteen-year-old Jessica's dizzying infatuation with a hugely successful young heroin dealer, Boy George, and fourteen-year-old Coco's first love with Jessica's little brother, Cesar, an aspiring thug. Fleeing from family problems, the young couples try to outrun their destinies. Chauffeurs whisk them to getaways in the Poconos and to nightclubs. They cruise the streets in Lamborghinis and customized James Bond cars. Jessica and Boy George ride the wild adventure between riches and ruin, while Coco and Cesar stick closer to the street, all four caught in a precarious dance between life and death. Friends get murdered; the DEA and FBI investigate Boy George's business activities; Cesar becomes a fugitive; Jessica and Coco endure homelessness, betrayal, the heartbreaking separation of prison, and throughout it all, the insidious damage of poverty. Together, then apart, the teenagers make family where they find it. Girls look for excitement and find trouble; boys, searching for adventure, join crews and prison gangs. Coco moves upstate to dodge the hazards of the Bronx; Jessica seeks solace in romance. Both find that love is the only place to go. A gifted prose stylist and a profoundly compassionate observer, Adrian Nicole LeBlanc has slipped behind the cold statistics and sensationalism surrounding inner-city life and come back with a riveting, haunting, and true urban soap opera that reveals the clenched grip of the streets. Random Family is a compulsive read and an important journalistic achievement, sure to take its place beside the classics of the genre.
