The two volumes of Whitfield's Electrical craft principles have been substantially revised and updated for the mid 1990s, reflecting changes in practice and legislation (e.g. BS 7671 / IEE Wiring Regulations) as well as in the City & Guilds courses they support. Volume 2 in particular has new material to accompany course changes. The volumes are presented in a new format, are highly illustrated and contain full problems and solutions. Inspection copies of the new edition are available to lecturers.
