A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

Most people assume that the Clintons amassed their considerable wealth through lucrative book deals and speaking gigs that sometimes paid as much as \$750,000. But who paid these fees, and why? As Peter Schweizer reveals, the Clintons typically blur the lines between politics, philanthropy, and business. Consider the following: Bill flies into a third world country where he spends time in the company of a businessman. A deal is struck. Soon after, enormous contributions are made to the Clinton Foundation, while Bill is commissioned to deliver a series of highly paid speeches. Some of these deals require approval or review by the US government and fall within the purview of a powerful senator and secretary of state. Often the people involved are characters of a kind that an American ex-president (or the spouse of a sitting senator, secretary of state, or presidential candidate) should have nothing to do with. This blockbuster exposé reveals the mysterious multimillion-dollar Foundation gift from an obscure Indian politician that coincided with Senator Clinton's reversal on the nuclear nonproliferation treaty; how Secretary of State Clinton was involved in allowing the transfer of what was projected to be 50 percent of US domestic uranium output to the Russian government; how multimillion-dollar contracts for Haiti disaster relief were awarded to donors and friends of Hillary and Bill . . . and more. Clinton Cash raises serious and alarming questions of judgment, of possible indebtedness to an array of foreign interests, and, ultimately, of fitness for high public office.

READ THE BOOK DONALD TRUMP REFERENCED AND READ IN HIS MAJOR ANTI-HILLARY CLINTON SPEECH. In 2000, Bill and Hillary Clinton owed millions of dollars in legal debt. Since then, they've earned over \$130 million. Where did the money come from? Most people assume that the Clintons amassed their wealth through lucrative book deals and high-six figure fees for speaking gigs. Now, Peter Schweizer shows who is really behind those enormous payments. In his New York Times bestselling books Extortion and Throw Them All Out, Schweizer detailed patterns of official corruption in Washington that led to congressional resignations and new ethics laws. In Clinton Cash, he follows the Clinton money trail, revealing the connection between their personal fortune, their "close personal friends," the Clinton Foundation, foreign nations, and some of the highest ranks of government. Schweizer reveals the Clinton's troubling dealings in Kazakhstan, Colombia, Haiti, and other places at the "wild west" fringe of the global economy. In this blockbuster exposé, Schweizer merely presents the troubling facts he's uncovered. Meticulously researched and scrupulously sourced, filled with headline-making revelations, Clinton Cash raises serious questions of judgment, of possible indebtedness to an array of foreign interests, and ultimately, of fitness for high public office.

New York Times Bestseller **AT STAKE: THE FUTURE OF AMERICA** The 2016 election is truly America's Armageddon—the ultimate and decisive battle to save America, a fight to defeat Hillary Clinton and the forces seeking to flout our constitutional government and replace it with an all-powerful president backed up by an activist judiciary that answers to no one. Already President Obama has moved America far down this path, and a President Clinton will act as his "third term," institutionalizing the excesses of the past eight years. In *Armageddon*, bestselling author and political strategist Dick Morris provides a winning game plan to take back the White House, and America. Because this is our last chance:

- Our last chance to stop socialist uniformity, corruption and executive usurpation
- Our last chance to curb welfare programs that are destroying the economic and social fabric of the nation
- Our last chance to secure our border and keep our sovereignty
- Our last chance to stand up against ISIS and terrorism
- Our last chance to protect the Second Amendment

We can do it. We must. It's our last chance. Read *Armageddon*, or risk losing the battle to save America! On Tuesday, November 8, 2016, American voters will make a momentous decision. They will decide whether or not this great country will remain a free market, constitutional democracy. The stakes could not be higher. If Hillary Clinton is elected president, it will mean the end of the America we know and love. *Armageddon*, by New York Times bestselling authors Dick Morris and Eileen McGann, is a call to arms, a call to join that ultimate battle. Few know Hillary Clinton better than Dick Morris. For almost two decades he served as a special adviser to both her and her husband, Bill Clinton. He knows their strengths, their vulnerabilities, and even their deepest secrets. In *Armageddon*, Morris offers a manual on how to win this battle and defeat Hillary once and for all. He argues that a typical Republican campaign won't work—and that Hillary's opponent must strike her in a very unorthodox and powerful way. Morris says it's a winning strategy and voters play a critical role. A noted political strategist, Dick Morris has created winning strategies for numerous presidential campaigns in the U.S. and abroad. In this book he lays out a war plan, one the Republican nominee must use to prevent her victory:

- Throw a surprising right jab: terrorism and healthcare
- Throw the left hook: jobs, immigration, Wall Street
- Play her game on class warfare: women, Latinos, and young voters

Republicans need to stop playing by the old rules of the game. Those rules don't work—they elected Barack Obama twice. Obama has changed America in fundamental ways and Morris posits that Hillary's opponents need to grasp this and implement a strategy that can finally defeat her.
