Its unifying theme, its unmatched timeliness and its coverage of trends and technology makes this text THE standard by which all other brief texts are judged. An interactive website along with author tweets (@schmallegger) extends chapter material and provides up-to-the minute currentthe most recent information on this ever-evolving field.

An engaging, necessary look at the private prison system, and a convincing clarion call for prison reform."—NPR.org New York Times Book Review 10 Best Books of 2018 • One of President Barack Obama's favorite books of 2018 • Winner of the 2019 J. Anthony Lukas Book Prize • Winner of the Helen Bernstein Book Award for Excellence in Journalism • Winner of the 2019 RFK Book and Journalism Award • A New York Times Notable Book A ground-breaking and brave inside reckoning with the nexus of prison and profit in America: in one Louisiana prison and over the course of our country's history. In 2014, Shane Bauer was hired for \$9 an hour to work as an entry-level prison guard at a private prison in Winnfield, Louisiana. An award-winning investigative journalist, he used his real name; there was no meaningful background check. Four months later, his employment came to an abrupt end. But he had seen enough, and in short order he wrote an exposé about his experiences that won a National Magazine Award and became the most-read feature in the history of the magazine Mother Jones. Still, there was much more that he needed to say. In American Prison, Bauer weaves a much deeper reckoning with his experiences together with a thoroughly researched history of for-profit prisons in America from their origins in the decades before the Civil War. For, as he soon realized, we can't understand the cruelty of our current system and its place in the larger story of mass incarceration without understanding where it came from. Private prisons became entrenched in the South as part of a systemic effort to keep the African-American labor force in place in the aftermath of slavery, and the echoes of these shameful origins are with us still. The private prison system is deliberately unaccountable to public scrutiny. Private prisons are not incentivized to tend to the health of their inmates, or to feed them well, or to attract and retain a highly-trained prison staff. Though Bauer befriends some of his colleagues and sympathizes with their plight, the chronic dysfunction of their lives only adds to the prison's sense of chaos. To his horror, Bauer finds himself becoming crueler and more aggressive the longer he works in the prison, and he is far from alone. A blistering indictment of the private prison system, and the powerful forces that drive it, American Prison is a necessary human document about the true face of justice in America.

A condensed, more accessible version of the best-selling corrections book on the market, AMERICAN CORRECTIONS IN BRIEF, 3rd Edition, introduces students to the dynamics of corrections in a way that captures their interest and encourages them to enter the field. The brief paperback format makes this book more approachable, and the well-respected author team incorporates several pedagogical elements to promote students' success. Complete with valuable career-based material, insightful guest speakers, illuminating real-world cases, and uniquely even-handed treatment of institutional and community sanctions, the text examines the U.S. correctional system from the perspectives of both the corrections worker and the offender, providing students with a well-rounded, balanced introduction to corrections. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. For use in Community Corrections/Probation and Parole courses An insider's view of the rapidly changing field of community corrections/probation and parole Probation and Parole: Corrections in the Community, Thirteenth Edition, looks at the history of the field, and how it moved from a focus on treatment/rehabilitation and the indeterminate sentence toward a model based on control/law enforcement and the determinate sentence. Written by a former community corrections professional, the author provides an insider's view on how these changes affected the roles and responsibilities of probation and parole officers. In contrast to competing texts, the author weaves his experience with the practices of probation and parole agencies throughout the United States to provide a realistic, state-of-the-art view of the field. Cutting-edge topics examined and critiqued include: restorative justice, broken windows/community-based supervision, place-based supervision, evidence-based practice, motivational interviewing, cognitive-behavioral therapy, "truth-in-sentencing" and "three-strikes-and-you're-out". Additionally, this edition features a thorough examination of how "tough on crime" and "war on drugs" has resulted in a need for "justice reinvestment" and a new focus on community-based correction.

Open this book and step into America's court system! With Neubauer and Fradella's best-selling text, you will see for yourself what it is like to be a judge, a prosecutor, a defense attorney, and more. This fascinating and well-researched text gives you a realistic sense of being in the courthouse--you will quickly gain an understanding of what it is like to work in and be a part of the American criminal justice system. This concept of the courthouse "players" makes it easy to understand each person's important role in bringing a case through the court process. Throughout the text, the authors highlight not only the pivotal role of the criminal courts but also the court's importance and impact on society as a whole.

Named one of the most important nonfiction books of the 21st century by Entertainment Weekly, Slate, Chronicle of Higher Education, Literary Hub, Book Riot, and Zora A tenth-anniversary edition of the iconic bestseller—"One of the most influential books of the past 20 years," according to the Chronicle of Higher Education—with a new preface by the author "It is in no small part thanks to Alexander's account that civil rights organizations such as Black Lives Matter have focused so much of their energy on the criminal justice system."—Adam Shatz, London Review of Books Seldom does a book have the impact of Michelle Alexander's The New Jim Crow. Since it was first published in 2010, it has been cited in judicial decisions and has been adopted in campus-wide and community-wide reads; it helped inspire the creation of the Marshall Project and the new \$100 million Art for Justice Fund; it has been the winner of numerous prizes, including the prestigious NAACP Image Award; and it has spent nearly 250 weeks on the New York Times bestseller list. Most important of all, it has spawned a whole generation of criminal justice reform activists and organizations motivated by Michelle Alexander's unforgettable argument that "we have not ended racial caste in America; we have merely redesigned it." As the Birmingham News proclaimed, it is "undoubtedly the most important book published in this century about the U.S." Now, ten years after it was first published, The New Press is proud to issue a tenth-anniversary edition with a new preface by Michelle Alexander that discusses the impact the book has had and the state of the criminal justice reform movement today.

Lockdown America documents the horrors and absurdities of militarized policing, prisons, a fortified border, and the war on drugs. Its accessible and vivid prose makes clear the links between crime and politics in a period of gathering economic crisis.

"Pffaff, let there be no doubt, is a reformer...Nonetheless, he believes that the standard story--popularized in particular by Michelle Alexander, in her influential book, The New Jim Crow--is false. We are desperately in need of reform, he insists, but we must reform the right things, and address the true problem."--Adam Gopnik, The New Yorker A groundbreaking examination of our system of imprisonment, revealing the true causes of mass incarceration as well as the best path to reform In the 1970s, the United States had an incarceration rate comparable to those of other liberal democracies--and that rate had held steady for over 100 years. Yet today, though the US is home to only about 5 percent of the world's population, we hold nearly one quarter of its prisoners. Mass incarceration is now widely considered one of the biggest social and political crises of our age. How did we get to this point? Locked In is a revelatory investigation into the root causes of mass incarceration by one of the most exciting scholars in the country. Having spent fifteen years studying the data on imprisonment, John Pfaff takes apart the reigning consensus created by Michelle Alexander and other reformers, revealing that the most widely accepted explanations--the failed War on Drugs, draconian sentencing laws, an increasing reliance on private prisons--tell us much less than we think. Pfaff urges us to look at other factors instead, including a major shift in prosecutor behavior that occurred in the mid-1990s, when prosecutors began bringing felony charges against arrestees about twice as often as they had before. He describes a fractured criminal justice system, in which counties don't pay for the people they send to state prisons, and in which white suburbs set law and order agendas for more-heavily minority cities. And he shows that if we hope to significantly reduce prison populations, we have no choice but to think differently about how to deal with people convicted of violent crimes--and why some people are violent in the first place. An authoritative, clear-eyed account of a national catastrophe, Locked In transforms our understanding of what ails the American system of punishment and ultimately forces us to reconsider how we can build a more equitable and humane society.
