### List of unsolved murders (20th century) - Wikipedia

During the first two decades of the 20th century the police in England and Wales recorded an average of 90,000 indictable offences each year, a figure which increased to over 500,000 during the 1950s. The crime rate consequently quadrupled from 250 crimes per 100,000 people in 1901 to 1,000 by 1950. But the history of crime in the 20th century is dominated by the even sharper rise in offences recorded by the

Describes some of the major crimes committed in the United States during the twentieth century and discusses the social impact of these criminal acts and the trial and punishment of the perpetrators.

This text contains descriptions of the unsolved crimes of the 20th century.

Australia's pre-eminent Crime Historian, Paul B. Kidd, presents his choice of the unique crimes that defined this country in the bloodthirsty 20th century: from the first kidnapping in Australia's history to the Truro serial murders, the Shark Arm and Pyjama Girl murder mysteries, Port Arthur, Snowtown, Ivan Milat - the Beast of Belanglo, and the deadly Hilton bombing. Written in Paul B. Kidd's inimitable and engaging style, this is the one book that should grace every true crime lover's library.

*Law & Order in the 20th Century* is the perfect book for anyone interested in the history of law, law enforcement, and justice. You'll read about landmark and sensational trials; organized and white collar crime; and the struggles for civil rights, women's rights, labor rights, environmental justice, and workplace rights. Along the way you'll meet the lawmakers, judges, and lawyers; the police and special agents; and the accused, innocent, and guilty.

Combining history, politics, and critical analysis, he revisits the killing fields of Cambodia, documents the three-month Hutu "machete genocide" of about 800,000 Tutsi villagers in Rwanda, and casts recent headlines from Kosovo in the light of these other conflicts."--BOOK JACKET.

Crime and Society in Twentieth-Century England traces the broad pattern of criminal offending over a hundred year period that experienced unprecedented levels of upheaval and change. This period included two world wars, the end of the British Empire, significant shifts in both gender relations and ethnic mix and a decline in the power of the economy. In this new textbook, Professor Clive Emsley provides an up-to-date assessment of changes in attitudes to crime as well as of the developments in policing, in the courts and in penal sanctions over the course of the century. He explores the impact of growing gender equality and ethnic diversity on crime and criminal justice, and looks at the way in which crime became increasingly central to political agendas in the last third of the century. Written in a clear and accessible manner, the book examines: Perceptions of crime and criminality across the century Varieties of offending from murder to benefit fraud The role of the media in constructing and reinforcing the understanding of crime and the criminal The decline and demise of corporal and capital punishment The shift from largely progressive to more punitive penal practice The first serious attempt to explore the history of crime and criminal justice in twentieth-century England, this book will be an invaluable introduction to the student and interested general reader alike.
