Curious

divided by age band that bridge early academic learning and social, emotional, physical, and mental development with active engagement in the arts. Structured activities include a materials list, safety concerns, key takeaways, and related readings, as well as explicit connections to research and national standards. With clear and

Read Book

Curious

concise lesson plans that walk you through activities in music, dance, media arts, visual arts, and theater, it becomes easy to bring development and learning through movement and creativity to your classroom or program.

Many buildings are just four walls and a roof. But

Read Book

Curious

some buildings are engineering wonders and are extraordinary to behold. Put on your hard hat and go behind the scenes to find out how and why some of the world's most famous buildings were built.

Explore the design, construction, and engineering processes that went into creating some of these marvelous

Read Book

Curious

buildings. Extraordinary Buildings will leave you with a better understanding and a greater appreciation of these amazing structures.

If you had to name a statue, any statue, odds are good you'd mention the Statue of Liberty.

Have you seen her? She's in New York. She's holding a torch. And

Read Book

Curious

she's taking one step forward. But why? In this fascinating, fun take on nonfiction, uniquely American in its frank tone and honest look at the literal foundation of our country, Dave Eggers and Shawn Harris investigate a seemingly small trait of America's most emblematic statue. What they find is about more than history, more

Read Book

Curious

than art. What they find in the Statue of Liberty's right foot is the powerful message of acceptance that is essential to an entire country's creation. Can you believe that? Plus, this is the fixed format version, which looks almost identical to the print edition.

This star-studded tribute to the kings and queens

Read Book

Curious

of comedy draws together such legendary names as Steve Martin, Tina Fey, Steve Carell, Eddie Murphy, Robin Williams, Ricky Gervais, and many more. Granted extraordinary access, photographer Matt Hoyle has captured his subjects in portraits that are works of art in themselves—by turns zany and deadpan, laugh-

Read Book

Curious

out-loud and contemplative.

Accompanying them are first-person reflections from each of the comedians on life and laughter that always cut straight to the heart of comedy: it's funny because it's true. Page after sidesplitting page in *Comic Genius* offers prose as engaging as each portrait is memorable.

Read Book

Curious

Here, in one handsome package, is the gift of laughter itself. Comic Genius is proud to support Save The Children.

Presents an irreverent narrative tour of modern art that explains its cultural relevance and why it is so compelling, tracing a century's worth of movements,

Page 53/60
