The Cold War Dbq The Cold War was a " global; power struggle between the United States and the Soviet Union that lasted from 1945 to 1991 " (textbook page 511). In 1945 the United States and the Soviet Union defeated Germany in World War Two. After the war was over, both wanted to be the leader of the world.

The Cold War Dbq - New York Essays

Cold War DBQ. Outside of U.S and U.S.S.R. The Cold War was the protracted geopolitical, ideological, and economic struggle that emerged after World War II between the global superpowers of the Soviet Union and the United States, supported by their respective and emerging alliance partners. Although the Cold War affected the U.S. and USSR, their allies and the " Third World " also experience dramatic changes and effects.

Cold War DBQ - White Plains Middle School

A war does not necessarily require a physical weapon to fight. From 1947 to 1991, military tension and ideological conflicts held place. Cold War is defined as a state of political hostility existing between countries, characterized by threats, violent propaganda, subversive activities, and other measures short of open warfare, in particular.

Vaughn Rasberry turns to black culture and politics for an alternative history of the totalitarian century. He shows how black writers reimagined the standard anti-fascist, anti-communist narrative through the lens of racial injustice, with the U.S. as a tyrannical force in the Third World but also an agent of Asian and African independence.

Enhances the world history curriculum through analysis of primary and secondary sources. Features 23 new and revised document-based questions covering significant eras. Teacher support includes scoring rubric and tips for implementation.

Covers all significant eras of global history. Encourages students to analyze evidence, documents, and other data to make informed decisions. Develops essential writing skills.

A New York Times bestseller, this is the " outstanding " (The Atlantic), insightful, and authoritative account of Dwight Eisenhower ' s presidency. Drawing on newly declassified documents and thousands of pages of unpublished material, The Age of Eisenhower tells the story of a masterful president guiding the nation through the great crises of the 1950s, from McCarthyism and the Korean War through civil rights turmoil and Cold War conflicts. This is a portrait of a skilled leader who, despite his conservative inclinations, found a middle path through the bitter partisanship of his era. At home, Eisenhower affirmed the central elements of the New Deal, such as Social Security; fought the demagoguery of Senator Joseph McCarthy; and advanced the agenda of civil rights for African-Americans. Abroad, he ended the Korean War and avoided a new quagmire in Vietnam. Yet he also charted a significant expansion of America ' s missile technology and deployed a vast array of covert operations around the world to confront the challenge of communism. As he left office, he cautioned Americans to remain alert to the dangers of a powerful military-industrial complex that could threaten their liberties. Today, presidential historians rank Eisenhower fifth on the list of great presidents, and William Hitchcock ' s " rich narrative " (The Wall Street Journal) shows us why Ike ' s stock has risen so high. He was a gifted leader, a decent man of humble origins who used his powers to advance the welfare of all Americans. Now more than ever, with this " complete and persuasive assessment " (Booklist, starred review), Americans have much to learn from Dwight Eisenhower.

Takes a look ahead at the state of the world in the twenty-first century, arguing that peace among the superpowers, democracy, and free markets have no serious rivals as dominant ideas in the international arena.

"From master storyteller and historian H.W. Brands, twice a finalist for the Pulitzer Prize, comes the riveting story of how President Harry Truman and General Douglas MacArthur squared off to decide America's future in the aftermath of World War II. At the height of the Korean War, President Harry S. Truman committed a gaffe that sent shock waves around the world. When asked by a reporter about the possible use of atomic weapons in response to China's entry into the war, Truman replied testily, 'The military commander in the field will have charge of the use of the weapons, as he always has.' This suggested that General Douglas MacArthur, the willful, fearless, and highly decorated commander of the American and U.N. forces, had his finger on the nuclear trigger. A correction quickly followed, but the damage was done; two visions for America's path forward were clearly in opposition, and one man would have to make way. Truman was one of the most unpopular presidents in American history. Heir to a struggling economy, a ruined Europe, and increasing tension with the Soviet Union, on no issue was the path ahead clear and easy. General MacArthur, by contrast, was incredibly popular, as untouchable as any officer has ever been in America. The lessons he drew from World War II were absolute: appeasement leads to disaster and a showdown with the communists was inevitable--the sooner the better. In the nuclear era, when the Soviets, too, had the bomb, the specter of a catastrophic third World War lurked menacingly close on the horizon. The contest of wills between these two titanic characters unfolds against the turbulent backdrop of a faraway war and terrors conjured at home by Joseph McCarthy. From the drama of Stalin's blockade of West Berlin to the daring landing of MacArthur's forces at Inchon to the shocking entrance of China into the war, The General and the President vividly evokes the making of a new American era"--

The historic first edition of 1962, in a slightly corrected edition. The classic founding statement of the Students For A Democratic Society (SDS).

Regardless of its outcome, the Iraq War has had a transformative effect on the Middle East. To equip U.S. policymakers to better manage the war's long-term consequences, the authors analyzed its effects on the regional balance of power, local perceptions of U.S. credibility, the domestic stability of neighboring states, and trends in terrorism after conducting extensive interviews in the region and drawing from an array of local media sources.

This book is a balanced account of the political, diplomatic, and military currents that influenced Japan's attempts to surrender and the United States's decision to drop the atomic bombs. Based on extensive research in both the United States and Japan, this book allows the reader to follow the parallel decision-making in Tokyo and Washington that contributed to lost opportunities that might have allowed a less brutal conclusion to the war. Topics discussed and analyzed include Japan's desperate military situation; its decision to look to the Soviet Union to mediate the conflict; the Manhattan Project; the debates within Truman's Administration and the armed forces as to whether to modify unconditional surrender terms to include retention of Emperor Hirohito and whether to plan for the invasion of Japan's home islands or to rely instead on blockade and bombing to force the surrender.
