Bestselling author Jean Sasson tells the dramatic true story of a young woman caught up in Saddam Hussein's genocide of the Kurdish people of Iraq. One morning Joanna, a young bride living in the Kurdish mountains of Iraq, was surprised to see dead birds drop silently out of the clear sky. They were followed by sinister canisters falling to the ground, bringing fear and death. It was 1987, and Saddam Hussein had ordered his cousin 'Chemical Ali' to bombard Joanna's village, Bergalou, with chemical weapons. Temporarily blinded in the attack, Joanna was rescued by her husband, a Kurdish freedom fighter. After being caught in another bombardment and left for dead in the rubble, they managed to flee over the mountains in a harrowing escape. Now living in the UK and working for British Airways, Joanna has told the story of her eventful life to Jean Sasson, the bestselling chronicler of oppressed women's lives in the Princess trilogy and *Mayada*. *Love in a Torn Land* is published while the world watches the trial of the notorious 'Chemical Ali', Saddam Hussein's most bloodthirsty henchman, for crimes including the genocide of the Kurdish people.

Chronicles the fates of the two daughters of a Saudi Arabian princess--the elder, driven by isolation and fear into a lesbian relationship and mental breakdown, and the younger, who is seduced by fundamentalist fanaticism.

Kingkiller Chronicles, or the Wheel of Time will love this fantastic adventure.

The tale of an archaeological dig gone terribly wrong from “Great Britain’s leading adventure novelist” (Financial Times). When his parents died, Paul was sent to Amsterdam to live with his mother’s old lover, the eccentric archaeologist Pieter Van der Voort. Paul became a man in that cramped, strange house, cooped up with skeletons, fossils, and his increasingly mad guardian, who was obsessed with the search for the origins of man. Finally, Paul can take no more. He hops a freighter and spends eight years at sea before returning home to find Van der Voort gone—and a mystery waiting in his place. Van der Voort is in Greece on an archaeological expedition that’s spiraling out of control. The last place Paul wants to be is at the old man’s side, but he feels something drawing him toward the dig site. To reach Greece, he takes a job working for a smuggler, embarking on a journey that will carry him across the globe—and into the blackest depths of history. A rip-roaring archaeological adventure in the spirit of Indiana Jones, *Levkas Man* is a story about the fundamental desire that has defined all human history: the irresistible urge to kill.

This eBook edition of "The Social Contract" has been formatted to the highest digital standards and adjusted for readability on all devices. The Social Contract, originally published as *On the Social Contract; or, Principles of Political Rights* by Jean-Jacques Rousseau, is a 1762 book in which Rousseau theorized about the best way to establish a political community in the face of the problems of commercial society, which he had already identified in his *Discourse on Inequality* (1754). The Social Contract helped inspire political reforms or revolutions in Europe,

especially in France. The Social Contract argued against the idea that monarchs were divinely empowered to legislate. Rousseau asserts that only the people, who are sovereign, have that all-powerful right.

A member of one of the most distinguished and honored families in Iraq, Mayada grew up surrounded by wealth and royalty. But when Saddam Hussein's regime took power, she was thrown into cell 52 in the infamous Baladiyat prison with seventeen other nameless, faceless women from all walks of life. To ease their suffering, these shadow women passed each day by sharing their life stories. Now, through Jean Sasson, Mayada is finally able to tell her story - and theirs - to the world.
