Victorian Literary Cultures: Studies in Textual Subversion provides readers with close textual analyses regarding the role of subversive acts or tendencies in Victorian literature. By drawing clear cultural contexts for the works under review—including such canonical texts as Dracula, Jane Eyre, Middlemarch, and stories featuring Sherlock Holmes—the critics in this anthology offer groundbreaking studies of subversion as a literary motif. For some late nineteenth-century British novelists, subversion was a central aspect of their writerly existence. Although—or perhaps because—most Victorian authors composed their works for a general and mixed audience, many writers employed strategies designed to subvert genteel expectations. In addition to using coded and oblique subject matter, such figures also hid their transgressive material “in plain sight.” While some writers sought to critique, and even destabilize, their society, others juxtaposed subversive themes and aesthetics negatively with communal norms in hopes of quashing progressive agendas.

There I was, writing a collection of piano pieces suitable for Halloween, when Count Dracula came along and hijacked the book! He has added his rather horrible comments everywhere and included all his personal favourites: "Just Me & My Coffin", "Black Cape Blues", "Face so Pale, Teeth so Red", "Toccata Vampyrice" etc. Suitable for early intermediate piano students with a black sense of humour!

He was born B é la Ferenc Dezso Blasko on October 20, 1882, in Hungary. He joined Budapest ' s National Theater in 1913 and later appeared in several Hungarian films under the pseudonym Arisztid Olt. After World War I, he helped the Communist regime nationalize Hungary ' s film industry, but barely escaped arrest when the government was deposed, fleeing to the United States in 1920. As he became a star in American horror films in the 1930s and 1940s, publicists and fan magazines crafted outlandish stories to create a new history for Lugosi. The cinema ' s Dracula was transformed into one of Hollywood ' s most mysterious actors. This exhaustive account of Lugosi ' s work in film, radio, theater, vaudeville and television provides an extensive biographical look at the actor. The enormous merchandising industry built around him is also examined.

Plot centers around Dr. Frankenstein's castle and includes such characters as The monster, Count and Countess Dracula, The mummy, and a reluctant boy werewolf.

"This biography details Bernard's life from struggle to success. More than just a biography, however, it is also a meticulous examination of his music, including its intricate mechanisms and the many sources of Bernard's inspiration. Reviews of Bernard's work and reminiscences of the composer himself add depth and personal feeling to the biography"--Provided by publisher.

The early eras of radio storytelling have entered and continue to enter the public domain in large quantities, offering unprecedented access to the Golden Age of Radio. Author and Professor John Pavlik mines the best this age of radio has to offer in *Masterful Stories*, an examination of the masterpieces of audio storytelling. This book provides a chronological history of the best of the best from radio ' s Golden Age, outlining a core set of principles and techniques that made these radio plays enduring examples of storytelling. It suggests that, by using these techniques, stories can engage audiences emotionally and intellectually. Grounded in a historical and theoretical understanding of radio drama, this volume illuminates the foundational works that preceded popular modern shows such as *Radiolab*, *The Moth*, and *Serial*. *Masterful Stories* will be a powerful resource in both media history courses and courses teaching audio storytelling for modern radio and other audio formats, such as podcasting. It will appeal to audio fans looking to learn about and understand the early days of radio drama.

The Singing Book gets students singing on the very first day.

When Richard Ouzounian and Marek Norman ' s *DRACULA: A CHAMBER MUSICAL* premiered at the Stratford Festival, the response was tremendous. Canadian Press hailed it as a " A theatrical marvel. . . altogether amazing! " while *Variety* assessed it as " a slick musical with a future. " The *National Post* cheered " *DRACULA* is spectacular " and The *Kitchener Waterloo Record* summed it up with " Andrew Lloyd Webber, eat your heart out. . . it packs a megamusical punch with elegant economy. " Audiences agreed, filling the theatre during its seven-month run, and it became the best-selling Canadian show in Stratford ' s 50-year history. It was later recorded for television by TV Ontario and CBC and won a Gemini Award. More
