An estimated one in 20 people has a natural talent for perceptiveness. Could you be one of them? Usually they are unskilled empaths, which means they suffer from such problems as emotional instability, apparent co-dependence, low self-esteem, or hypochondria. This book explains how to improve the quality of life by turning off unwanted empathy. The how-to techniques also demonstrate how to turn empathy on. At will. Bigger than ever before. Interspersed with her teaching, Rosetree describes elusive spiritual travels that are sometimes humorous, sometimes moving, and consistently mind-boggling. Rosetree's pioneering discoveries will also revolutionise how you understand empathy. You will learn why it happens and how it goes far beyond 'Emotional Intelligence' or

'sympathy'. True empathy, you will discover, comes in many varieties, including physical, intellectual, spiritual, and emotional gifts. Although an increasing number of authors today discuss empathy, Rosetree is the one who will satisfy you if you are really an empath. The depth and scope of her work will bring you relief.

This book gives you an easy 30-day plan. Read one short chapter, then spend just 10 minutes a day practicing. But those 10 short minutes will add up to something big. Wherever you go, and regardless of whom you are with, you can become The Most Important Person in the Room. People will respect you more. (And you can actually help them more too, if you wish). It's the most practical program ever for empaths. But it's not only helpful for empaths. This book can make your life better if you are: A highly sensitive Person; Single and hating it; Co-dependent (or recovering from co-dependency); Leaving a difficult love relationship; Dealing with a narcissist or bully; Feeling vulnerable to psychic attack; At a stage in your life where you are trying to find yourself. Why? Problems like these can be related to your basic sense of self. And this is a book to strengthen your experience of who you really are. In this witty, fast-paced book, Rose Rosetree gives you the benefit of what she has learned over the past decade, teaching and giving personal sessions for empaths internationally.

Thrive as the Divinely Connected Intuitive You Were Born to Be "Wendy is precisely the spiritual mentor I would pray for you to find. By opening this book, you will receive the energetic nurturing that she has infused into every page." – Gabrielle Bernstein, from the foreword As an empathic person, you likely feel the energy of the unseen world and unknowingly take on other people's energy and emotions. This can lead to anxiety, overwhelm, and chronic health issues. Personal growth work alone is not enough to shift this lifelong pattern. In Becoming an Empowered Empath, intuitive healer and teacher Wendy De Rosa will guide you step-by-step to help you:

- understand your empathic nature
- stop taking on other people's energy
- detoxify your subtle body, including your chakras and grounding cord
- recognize and heal ancestral, familial, and personal traumas
- turn your oversensitivity into powerful intuition

Through guided meditations, journaling exercises, and practices for energetic self-care, Wendy empowers you to embrace your gifts, embody light, and become a vital agent for positive change.

Have others ever told you to "stop being so sensitive?" Have you ever looked at other people and wondered how they manage to get

through the day without noticing the suffering going on all around them? Do you feel so emotionally delicate in comparison to your peers that you have tried to block out what is going on around you? You may have even resorted to coping mechanisms such as overeating, overworking, or smoking as a means of managing your emotions. Maybe you have tried to "grow a thicker skin," or attempted to cover up your feelings with humor? Perhaps you have always felt different to others since childhood, but could never quite put your finger on why. If this description resonates with you, congratulations! You may well be an Empath. Unfortunately, an Empath who lacks insight into their own nature is likely to be miserable. Most of us are familiar with the concept of empathy. Aside from sociopaths, who are largely incapable of appreciating what another individual may be feeling, humans are generally able to understand what others are going through in most situations. Empaths, however, constitute the small group of people who not only understand the emotions of others, but literally feel them too. In short, an Empath takes this common human ability of relating to other peoples' emotions to extremes. If you have no idea why you are so readily affected by the emotions of others and the events around you, you might become psychologically unstable. You will be unsure as to where your true feelings end, and those of other people begin.

Jackie's journey into the unravelling mysteries of the spiritual realm started as a casual glance into her clairvoyant skills, a cute hobby, to pass the evenings away. The Angels had other plans. This story is the unravelling of the information, about the spiritual world through her eyes, as she discovers more about herself, her gifts, and her visions that turned into poetry. Written as a firsthand, introductory account of her awakening spiritual awareness, this book is set in a semi biography format, interlaced with spiritually inspired poetry. The reader is ushered through a variety of personal life lessons that eventually lead into discovering Love, Forgiveness, Gratitude, and Truth. Jackie shares with us experiences, which lead her to feel directed to share the messages, the questions, and inspirational thoughts that came through. The reader is encouraged to ask questions, and form their own opinions as Jackie's quest for knowledge opens the doors for people to explore their own views and experiences about the spiritual realm, and to learn more about the Truth of who they

An I Weigh Book Club Pick "I have been a fan of Henry's work for a long time and I'm excited for more people to see it." —Jameela Jamil From the creator of Drawings of Dogs, a warmly illustrated and thoughtful examination of empathy and the necessity of being kinder The kindness we owe one another goes far beyond the everyday gestures of feeding someone else's parking meter--although it's important not to downplay those small acts. Kindness can also mean much more. In this timely, insightful guide, Henry James Garrett lays out the case for developing a strong, courageous, moral kindness, one that will help you fight cruelty and make the world a more empathetic place. So, how could a book possibly make you kinder? It would need to answer two questions: • Why are you kind at all? and, • Why aren't you kinder? In these pages, building on his academic studies in metaethics and using his signature-sweet animal cartoons, Henry James Garrett sets out to do just that, exploring the sources and the limitations of human empathy and the many ways, big and small, that we can work toward being our best and kindest selves for the people around us and the society we need to build.

Are you tired of feeling drained and lethargic? Do you feel as if being an empath has become more of a curse than a blessing?
