Eve's third album, Eve-Olution, was released by Ruff Ryders Entertainment on August 27, 2002 and peaked at number six on the Billboard 200. The album's first single, "Gangsta Lovin'", with Alicia Keys, became her second consecutive number-two hit on the Billboard Hot 100, as well as her third consecutive top ten hit in the United Kingdom. The second single, "Satisfaction" was moderately ...

Eve's being taken from his side implies not only her secondary role in the conjugal state (1 Corinthians 11:9), but also emphasizes the intimate union between husband and wife, and the dependence of her to him. In conventional Christianity, Eve is a prefigurement of Mary, mother of Jesus who is also sometimes called "the Second Eve".

From the author of the twenty-five-million-copy bestseller *The Shack* comes a captivating new novel destined to be one of the most talked-about books of the decade. *Eve* is a bold, unprecedented exploration of the Creation narrative, true to the original texts and centuries of scholarship—yet with breathtaking discoveries that challenge traditional beliefs about who we are and how we're made. *Eve* opens a refreshing conversation about the equality of men and women within the context of our beginnings, helping us see each other as our Creator does—complete, unique, and not constrained by cultural rules or limitations. When a shipping container washes ashore on an island between our world and the next, John the Collector finds a young woman inside—broken, frozen, and barely alive. With the aid of Healers and Scholars, John oversees her recovery and soon discovers that her genetic code connects her to every known race. No one would guess what her survival will mean... No one but Eve, Mother of the Living, who calls her “daughter” and invites her to witness the truth about her own story—indeed, the truth about us all. As *The Shack* awakened readers to a personal, non-religious understanding of God, *Eve* will free us from faulty interpretations that have corrupted human relationships since the Garden of Eden. Thoroughly researched and exquisitely written, *Eve* is a masterpiece that will inspire readers for generations to come.

Where do you go when nowhere is safe? After a deadly virus wiped out most of Earth's population, the world is a terrifying place. Eighteen-year-old Eve has never been beyond the heavily guarded perimeter of her school, where she and two hundred other orphaned girls have been promised a bright future in The New America. But the night before graduation, Eve learns the shocking truth about her school's real purpose—and the horrifying fate that awaits her. Fleeing the only home she's ever known, Eve sets off on a long, treacherous journey, searching for a place she can survive. Along the way she encounters Caleb, a rough, rebellious boy living in the wild. Caleb slowly wins her trust . . . and her heart. But when soldiers begin hunting them, Eve must choose between true love and her life.

The Shack shattered our limited perceptions about God. *Eve* will destroy harmful misconceptions about ourselves. From the author of the twenty-five-million copy bestseller *The Shack* comes a beautifully-crafted, captivating new novel destined to be one of the most important and talked-about books of the decade. *Eve* is a bold, unprecedented exploration of the Creation narrative, true to the original texts and centuries of scholarship—yet with breathtaking discoveries that challenge traditional misconceptions about who we are and how we're made. As *The Shack* awakened readers to a personal, non-religious understanding of God, *Eve* will free us from faulty interpretations that have compromised human relationships since the Garden of Eden. *Eve* opens a refreshing conversation about the equality of men and women within the context of our beginnings, helping us see each other as our Creator does—complete, unique, and not constrained to man-defined rules or limitations. Thoroughly researched and exquisitely written, *Eve* is a masterpiece that will inspire readers for generations to come.

Using the 180-year history of Keats's *Eve of St. Agnes* as a basis for theorizing about the reading process, Stillinger's book explores the nature and whereabouts of "meaning" in complex works. A proponent of authorial intent, Stillinger argues a theoretical compromise between author and reader, applying a theory of interpretive democracy that includes the endlessly multifarious reader's response as well as Keats's guessed-at intent. Stillinger also considers the process of constructing meaning, and posits an answer to why Keats's work is considered canonical, and why it is still being read and admired.

In a world where no girls had been born in fifty years, Eve arrived and, having been protected from the dangers of a ruined world, is now sixteen and expected to renew the human race.

To millions of fans, *All About Eve* represents all that's witty and wonderful in classic Hollywood movies. Its old-fashioned, larger-than-life stars—including Bette Davis, Marilyn Monroe, Anne Baxter, George Sanders, and Celeste Holm—found their best roles in *Eve* and its sophisticated dialogue has entered the lexicon. But there's much more to know about *All About Eve*. Sam Staggs has written the definitive account of the making of this fascinating movie and its enormous influence on both film and popular culture. Staggs reveals everything about the movie—from who the famous European actress Margo Channing was based on to the hot-blooded romance on-set between Bette Davis and costar Gary Merrill, from the jump-start the movie gave Marilyn Monroe's career and the capstone it put on director Joseph L. Mankiewicz's. *All About "All About Eve"* is not only full of rich detail about the movie, the director, and the stars, but also about the audience who loved it when it came out and adore it to this day.

The author of the New York Times bestselling memoir *Perfection* returns with an unforgettable account of her late mother's childhood in Nazi-occupied Austria and the parallels she sees in present-day America. To Julie Metz, her mother, Eve, was the quintessential New Yorker. Eve rarely spoke about her childhood and it was difficult to imagine her living anywhere else except Manhattan, where she could be found attending Carnegie Hall and the Metropolitan Opera or inspecting a round of French triple crème at Zabar's. In truth, Eve had endured a harrowing childhood in Nazi-occupied Vienna. After her mother passed, Julie discovered a keepsake book filled with farewell notes from friends and relatives addressed to a ten-year-old girl named Eva. This long-hidden memento was the first clue to the secret pain that Julie's mother had carried as a refugee and immigrant, shining a light on a family that had to persevere at every turn to escape the antisemitism and xenophobia that threatened their survival. Interweaving personal memoir and family history, *Eva and Eve* vividly traces one woman's search for her mother's lost childhood while revealing the resilience of our forebears and the sacrifices that ordinary people are called to make during history's darkest hours.

The #1 bestselling author Iris Johansen delivers the first in a trilogy that will begin to answer questions that have haunted her legion of fans for over a decade, in her newest novel of breathtaking suspense *Eve Duncan*'s mission in life is to bring closure to the families who have experienced the agony of a missing child. As a forensic sculptor, she is able to piece together bones, create a face, and bring an identity to a child who would have otherwise gone

unidentified...maybe forever. Eve is brilliant, and driven, and tormented--because her own daughter, Bonnie, was taken from her years ago. And Eve has never discovered what happened to her. But now a name from the past resurfaces, thanks to CIA agent Catherine Ling who knows all too well what it's like to lose a child. After teaming up with Agent Ling to find her missing son, Eve and Catherine share a bond forged by their mutual pain. Now, Catherine challenges Eve with a name: John Gallo. A man from Eve's past. A man, seemingly raised from the dead, whose whereabouts are unknown. Could Gallo be the missing piece to the puzzle that has haunted Eve for years? Why was he in Atlanta just before Bonnie's disappearance? With a brilliant narrative that goes back to Eve Duncan's early life, exploring her history and motivations like no other novel before, Eve reveals long-guarded secrets and is guaranteed to leave Johansen fans panting for more.

Inviting us to "wallow in the middle," Judith Roof offers a fresh, inventive look at female comic secondary characters who, though never on center stage, play an indispensable role in enriching and complicating the course of the narrative. Paying attention to these characters shows that narrative is not always as straight as it might seem. Focusing on such superb comic seconds as Eve Arden, Thelma Ritter, Rosalind Russell, and Whoopi Goldberg, Roof explores what is queer about the middle--in the sense of eccentric and in terms of desire--and how that queerness functions as a part of and an antidote to narrative. Shrewd, pragmatic, self-denying, perceptive, outspoken, and witty, these female characters are able to cross the bounds of social groupings, gender expectations, and propriety, presenting possibilities that threaten the "fitting ends" of narrative closure: norms such as heterosexuality, production, reproduction, knowledge, and victory. Roof characterizes female seconds as modern-day versions of the Shakespearean fool, able to speak the truth without being punished for it. Discussing films ranging from *Mildred Pierce*, *Auntie Mame*, and *Rear Window* to *Stage Door*, *Sister Act*, and *The Associate*, she shows how Hollywood's recasting of the wise servant figure as female, unattached, and lower class reflects more general cultural anxieties about the role of women, gender confusion, race, and class distinctions. She also tracks changes in the form and function of the minor and middle from the stylized, hierarchical economy of classical Hollywood film to the expanded, serial variety fitted to 1990s commodity culture. A meticulous, playful rereading of Hollywood classics from the margins, *All about Thelma and Eve* registers both delight in these female characters and discernment of their integral role in unseating narrative and other norms.

The recipes, stories, and history in *The Eve of Seven Fishes* will take you back to the simple days of your youth, from opening Christmas presents after enjoying the mouthwatering meal of anchovy spaghetti, fried smelts, and Baccala, to savoring the smell of garlic and the company of Uncle Tony and Cousin Vinnie. Author Robert A. Germano entices your taste buds with his delectably authentic Italian recipes from the Old Country. With recipes centered around the simple Italian meal prepared on Christmas Eve, you'll savor the flavor of garlic and basil in Germano's homemade spaghetti sauce and learn how to make true Italian biscotti. The kitchen was the heart of the Italian home. Not only was it a place to cook, but it was also the entertainment area for gossip, arguments, solving riddles, and more laughter than your cheeks could endure. *The Eve of Seven Fishes* invites you into Germano's kitchen and introduces you to the peasant cooking of years gone by. But remember, "Too many wines spoil the cook."
