Psychobiology provides
a comprehensive, yet
accessible introduction
to the study of
psychobiology and the

Online Library

Exploring

key concepts, topics and research that are core to understanding the brain and the biological basis of our behaviour.

Assuming no prior knowledge of biology, the text emphasises the interaction of psychobiology with other core areas of psychology and disciplines. Through the use of exciting and

Online Library

Exploring

engaging examples, the role of psychobiology in the real world is explored and emphasised to allow students to connect theory to practice in this fascinating subject.

Functional ecology is the branch of ecology that focuses on various functions that species play in the community

Online Library

Exploring

or ecosystem in which they occur. This accessible guide offers the main concepts and tools in trait-based ecology, and their tricks, covering different trophic levels and organism types. It is designed for students, researchers and practitioners who wish to get a handy synthesis of existing concepts,

Online Library

Exploring

tools and trends in trait-based ecology, and wish to apply it to their own field of interest. Where relevant, exercises specifically designed to be run in R are included, along with accompanying on-line resources including solutions for exercises and R functions, and updates reflecting current developments in

Online Library

Exploring

this fast-changing field. Based on more than a decade of teaching experience, the authors developed and improved the way theoretical aspects and analytical tools of trait-based ecology are introduced and explained to readers.

Online Library

Exploring

This book investigates an important source of the European Union's recent legitimacy problems. It shows how European integration is debated in mass media, and how this affects democratic inclusiveness. Advancing integration implies a shift in power between governments, parliaments, and civil

Online Library

Exploring

society. Behind debates over Europe's 'democratic deficit' is a deeper concern:

whether democratic politics can perform effectively under conditions of Europeanization and globalization. This study is based on a wealth of unique data from seven European countries, combining newspaper

Online Library

Exploring

content analyses, an innovative study of Internet communication structures, and hundreds of interviews with leading political and media representatives across Europe. It is by far the most far-reaching and empirically grounded study on the Europeanization of media discourse and

Online Library

Exploring

political contention to date, and a must-read for anyone interested in how European integration changes democratic politics and why European integration has become increasingly contested.

This multi-author book deals with 'resource ecology', which is the ecology of trophic

Online Library

Exploring

interactions between consumers and their resources. All the chapters were subjected to intense group discussions; comments and critiques were subsequently used for writing new versions, which were peer-reviewed. Each chapter is followed by a comment. This makes the book ideal for

Online Library

Exploring

teaching and course work, because it highlights the fact that ecology is a living and active research field.

'This is the media and society text that critical scholars have been waiting for'. - Professor Mark Andrejevic, Pomona College This book unpacks the role of the media in social,

Online Library

Exploring

cultural and political contexts and encourages you to reflect on the power relationships that are formed as a result. Structured around the three cornerstones of media studies; production, content and participation, this is an ideal introduction to your studies in media, culture and society. The book: Evaluates recent

Online Library

Exploring

Developments in media production, industries and platforms brought about the emergence of interactive media technologies. Examines the shifting relationship between media production and consumption instigated by the rise of social and mobile media, recasting consumption as ' participation ' .

Online Library

Exploring

Explores the

construction of texts and meanings via media representations,

consumer culture and popular culture, as well as the relationship between politics and public relations. Assesses the debates around the creative and cultural labour involved in meaning-making.
