suspense." –James Patterson "Amazing...Intense suspense, shocks, and scares...Chilling." –Lee Child You just boarded a flight to New York. There are one hundred and forty-three other passengers onboard. What you don't know is that thirty minutes before the flight your pilot's family was kidnapped. For his family to live, everyone on your plane must die. The only way the family will survive is if the pilot follows his orders and crashes the plane. Enjoy the flight.

Cloud Atlas meets Orphan Black in this epic dimension-bending trilogy by New York Times bestselling author Claudia Gray about a girl who must chase her father's killer through multiple dimensions. Marguerite Caine's physicist parents are known for their groundbreaking achievements. Their most astonishing invention, called the Firebird, allows users to jump into multiple universes—and promises to revolutionize science forever. But then Marguerite's father is murdered, and the killer—her parent's handsome, enigmatic assistant Paul— escapes into another dimension before the law can touch him. Marguerite refuses to let the man who destroyed her family go free. So she races after Paul through different universes, always leaping into another version of herself. But she also meets alternate versions of the people she knows—including Paul, whose life entangles with hers in increasingly familiar ways. Before long she begins to question Paul's guilt—as well as her own heart. And soon she discovers the truth behind her father's death is far more sinister than she expected. A Thousand Pieces of You explores an amazingly intricate multi-universe where fate is unavoidable, the truth elusive, and love the greatest mystery of all.

Fourth-grader Mason struggles to enjoy playing basketball after his best friend persuades him to join a team, and learns that the dog-hating lady next door is not so bad after all.

Soon to be a major motion picture starring Gal Gadot! "Inventive, bold and surprising . . . Builds in suspense and emotion, revealing itself page by page, layer by layer. short. But this is only one of the many connections they share. Like satellites trapped in orbit around each other, Thora and Santi are destined to meet again: as a teacher and brilliant student; a caretaker and dying patient; a cynic and believer. In alternating realities they become friends, colleagues, lovers, and enemies. As blurred memories and strange patterns compound, Thora and Santi come to a shocking revelation—they must discover the truth of their mysterious attachment before their many lives come to one, final end. By turns joyful, devastating, and quietly profound, *Meet Me in Another Life* is a spectacularly compelling page-turner filled with astonishing twists that affirms the power of love to connect us beyond time and space. "Entirely surprising, thoroughly enjoyable . . . A truly captivating work with an ending that rocked my socks off." — Erika Swyler, author of *Light From Other Stars* and *The Book of Speculation*

Under the Sabers is a groundbreaking narrative detailing the complex personal challenges Army wives face, presenting a provocative new look at Army life. Tanya Biank goes beyond the sound bites and photo ops of military life and shows what it is really like to be an Army wife—from hauling furniture off the rental truck by yourself at a new duty station when your husband is in the field, to comforting your son who wants his dad home from Afghanistan for his fifth birthday—she takes readers into the hearts and homes of today's military wives. In the summer of 2002, Army wives were in the headlines after Biank, a military reporter for the Fayetteville Observer, made international news when she broke the story about four Army wives who were brutally murdered by their husbands in the span of six weeks at Fort Bragg, an Army post that is home to the Green Berets, Airborne paratroopers, and Delta Force commandos. By that autumn, Biank, an Army brat herself, realized the still untold story of Army wives lay in the ashes of that tragic and sensationalized summer. She knew the truth—wives were the backbone of the Army. They were strong—not helpless—and deserved more than the sugarcoating that often accompanied their stories in the media. *Under the Sabers* tells the story of four typical Army wives, who, in a flash, find themselves neck-deep in extraordinary circumstances that ultimately force them to redefine who they are as women and Army wives. In this fascinating and meticulously researched account, Biank takes the reader past the Army's gates, where everyone has a role to play, rules are followed, discipline is expected, perfection praised, and perception often overrides reality. Biank explores what happens when real life collides with Army convention. Biank describes what it means to be a wife and mother in a subculture that is in a constant state of readiness for war. In this hard-hitting and powerful book, Biank takes a close look at the other woman—the Army itself—and its impact on wives, marriages, and home life. This story of strength and perseverance is an eye-opener for those who have never experienced military life and an anthem to those women who each day live the "unwritten code."

Book For readers of Tommy Orange, Yaa Gyasi, and Jhumpa Lahiri, an electrifying debut novel about three unforgettable characters who seek to rise—to the middle class, to political power, to fame in the movies—and find their lives entangled in the wake of a catastrophe in contemporary India. In this National Book Award Longlist honoree and “gripping thriller with compassionate social commentary” (USA Today), Jivan is a Muslim girl from the slums, determined to move up in life, who is accused of executing a terrorist attack on a train because of a careless comment on Facebook. PT Sir is an opportunistic gym teacher who hitches his aspirations to a right-wing political party, and finds that his own ascent becomes linked to Jivan's fall. Lovely—an irresistible outcast whose exuberant voice and dreams of glory fill the novel with warmth and hope and humor—has the alibi that can set Jivan free, but it will cost her everything she holds dear. Taut, symphonic, propulsive, and riveting from its opening lines, *A Burning* has the force of an epic while being so masterfully compressed it can be read in a single sitting. Majumdar writes with dazzling assurance at a breakneck pace on complex themes that read here as the components of a thriller: class, fate, corruption, justice, and what it feels like to face profound obstacles and yet nurture big dreams in a country spinning toward extremism. An extraordinary debut.

Emperor Elend Venture, having survived only to become a Mistborn himself, struggles to find clues by the Lord Ruler that will save his world, while a guilt-consumed Vin takes on a task of ending the cosmic power of the Ruin mystic force.

In the Retro Hugo Award-nominated novel that inspired the Syfy miniseries, alien invaders bring peace to Earth—at a grave price: “A first-rate tour de force” (The New York Times). In the near future, enormous silver spaceships appear without warning over mankind’s largest cities. They belong to the Overlords, an alien race far superior to humanity in technological development. Their purpose is to dominate Earth. Their demands, however, are surprisingly benevolent: end war, poverty, and cruelty. Their presence, rather than signaling the end of humanity, ushers in a golden age . . . or so it seems. Without conflict, human culture and progress stagnate. As the years pass, it becomes clear that the Overlords have a hidden agenda for the evolution of the human race that may not be as benevolent as it seems. “Frighteningly logical, believable, and grimly prophetic . . . Clarke is a master.” —Los Angeles Times

Combining the social commentary of *The Handmaid’s Tale* with the white-knuckled thrills of *Red Rising*, this epic space opera filled with “lush prose” (Publishers Weekly) follows a comfort woman as she claims her agency, a soldier questioning his allegiances, and a non-binary hero out to save the solar system. First Sister has no name and no voice. As a priestess of the Sisterhood, she travels the stars alongside the soldiers of Earth and Mars—the same ones who own the rights to her body and soul. When her former captain abandons her,

First Sister's hopes for freedom are dashed when she is forced to stay on her ship with no friends, no power, and a new captain—Saito Ren—whom she knows nothing about. She is commanded to spy on Captain Ren by the Sisterhood, but soon discovers that working for the war effort is much harder when you're falling in love. Lito val Lucius climbed his way out of the slums to become an elite soldier of Venus but was defeated in combat by none other than Saito Ren, resulting in the disappearance of his partner, Hiro. When Lito learns that Hiro is both alive and a traitor to the cause, he now has a shot at redemption: track down and kill his former partner. But when he discovers recordings that Hiro secretly made, Lito's own allegiances are put to the test. Ultimately, he must decide between following orders and following his heart. With "a layered, action-filled plot and diverse characters" (Library Journal), *The First Sister* explores the power of technology, colonization, race, and gender and is perfect for fans of James S.A. Corey, Chuck Wendig, and Jay Posey.

From #1 New York Times bestselling author Jennifer L. Armentrout comes a new novel in her Blood and Ash series... *Is Love Stronger Than Vengeance? A Betrayal...* Everything Poppy has ever believed in is a lie, including the man she was falling in love with. Thrust among those who see her as a symbol of a monstrous kingdom, she barely knows who she is without the veil of the Maiden. But what she does know is that nothing is as dangerous to her as him. The Dark One. The Prince of Atlantia. He wants her to fight him, and that's one order she's more than happy to obey. He may have taken her, but he will never have her. A Choice... Casteel Da'Neer is known by many names and many faces. His lies are as seductive as his touch. His truths as sensual as his bite. Poppy knows better than to trust him. He needs her alive, healthy, and whole to achieve his goals. But he's the only way for her to get what she wants—to find her brother Ian and see for herself if he has become a soulless Ascended. Working with Casteel instead of against him presents its own risks. He still tempts her with every breath, offering up all she's ever wanted. Casteel has plans for her. Ones that could expose her to unimaginable pleasure and unfathomable pain. Plans that will force her to look beyond everything she thought she knew about herself—about him. Plans that could bind their lives together in unexpected ways that neither kingdom is prepared for. And she's far too reckless, too hungry, to resist the temptation. A Secret... But unrest has grown in Atlantia as they await the return of their Prince. Whispers of war have become stronger, and Poppy is at the very heart of it all. The King wants to use her to send a message. The Descenters want her dead. The wolven are growing more unpredictable. And as her abilities to feel pain and emotion begin to grow and strengthen, the Atlantians start to fear her. Dark secrets are at play, ones steeped in the blood-drenched sins of two kingdoms that would do anything to keep the truth hidden. But when the earth begins to shake, and the skies start to bleed, it may already be too late.
