John Pickeryng wrote a poem mourning the loss of courtly life upon the advent of war. What distinguishes a farewell poem from an elegy or a poem of lost love is the understanding that there might be a natural order in hellos and goodbyes--the tone of a farewell poem might be melancholy, but it can also be celebratory, or sweet, or even silly. One imagines that the goodbye might be temporary, or that the thing lost might not be so bad to lose.

And our time is at an end. The rest of your life is starting, And we have no time at all to spend. You knew one day you'd have to go, But thought you'd have more time. We can't reverse time's one-way flow, But at least you'll have this rhyme. You had your shining moments,

Available in English for the first time, this engaging and enlightening biography of John Paul II argues the case that the late pope's life and deeds make him a worthy saint. A number-one best seller in Italy, *Why He Is a Saint* is an account of the late pope's life, highlighting his deep Christian faith, his dedication to the Church, and his role in bringing down communism. This book delves deeply into Pope John Paul's

spiritual essence, through the unprecedented light of the investigation into whether he merits sainthood. *Why He Is a Saint* reveals the pope's life through vivid, intimate anecdotes. Among the book's startling revelations are his thoughts of retirement as his health declined, and the fact that he practiced the ancient ritual of daily self-flagellation. The book includes both unpublished as well as public correspondence, such as the "open letter" of forgiveness to Ali Agka, his attempted assassin. It also examines the pope's severe acts of penitence and documents his miracles. This impassioned plea in favor of canonizing the pope as a saint has proven to be of profound interest to Catholics worldwide, as well as to anyone interested in faith and spirituality.

The fourth hilarious title in Lowis Lowry's popular Gooney Bird series! It's a cold January at the Watertown Elementary School—the perfect weather for Gooney Bird Greene to break out her special brain-warming hat! It's a good thing she has one. Gooney Bird's brain will need to be as warm as possible this month, because Mrs. Pidgeon is teaching her class about poetry. Who knew there could be so many different ways to write a poem? Haikus, couplets, limericks—Mrs. Pidgeon's students soon find that writing good poetry takes a lot of hard work and creative thinking. Gooney Bird and her classmates are up to the challenge. But just when things are going well, the kids get some terrible news. Gooney Bird will need all the inspiration her brain can muster to organize the most important poem the class has ever written.

This transcript contains the following: (1) statements of several Committee Members; (2) text of the proposed legislation; (3) a list of witnesses; and (4) statements, testimony, and supporting documents submitted by the witnesses. Numerous laypersons and professionals have their testimonies recorded, giving statements in support of and in opposition to passage of the bill. Witnesses include politicians, educators, police officials, medical professionals, National Rifle Association representatives, and religious figures. Includes a booklet prepared by the Center to Prevent Handgun Violence, newspaper clippings, and charts (U.S. & Wisconsin Juvenile Weapons and Murder Arrests; Age and Race Specific Arrest Rates for Selected Offenses, 1965-88; etc.). Here, in one complete volume, is the depth and breadth of the great island nation and its people represented in an easily browsed, friendly format. From the Abbey Theatre to the Dublin storyteller Zozimus; from the origin of the Troubles to the origin of the limerick; from the stunning beauty of Connemara to the shattering tragedy of Bloody Sunday; from the greatest writers of the English language to the "confrontational television" of Gay Byrne's *The Late Late Show*—every aspect of Irish culture, geography, and history is collected and annotated in more than 900 entries from A to Z. Readers will encounter heroes and terrorists, poets and politicians, all of Ireland's counties, ancient myths, and pivotal events—all expertly and succinctly described and explained. With entries written by some of the world's leading authorities on Ireland, *Everything Irish* is perfect for everyone, from the inquiring reader to the serious student. You can spend a few minutes learning about the much-maligned Travelers and then move on to the equally contentious (in its time) medieval tithe. Visit the majestic Cliffs of Moher and then delve into an analysis of paramilitary groups like the Irish Republican Army and the Ulster Volunteer Force. Explore the ruins of a Romanesque castle or experience the piercing light of the winter solstice inside prehistoric Newgrange, a passage grave older than the pyramids. Across centuries and across counties, the rich landscape of Irish life and heritage springs to life in these pages. An

indispensable source of fascinating information and captivating anecdote, this is one book that will never be far from the hands of those with curious minds or an adventurous spirit.

The Heinemann Plays series offers contemporary drama and classic plays in durable classroom editions. Many have large casts and an equal mix of boy and girl parts. This play is a dramatization of Daniel Keyes's story about a retarded adult who desperately wants to be able to read and write.

Martin Luther's relationship to music has been largely downplayed, yet music played a vital role in Luther's life -- and he in turn had a deep and lasting effect on Christian hymnody. In *Luther's Liturgical Music* Robin Leaver comprehensively explores these connections. Replete with tables, figures, and musical examples, this volume is the most extensive study on Luther and music ever published. Leaver's work makes a formidable contribution to Reformation studies, but worship leaders, musicians, and others will also find it an invaluable, very readable resource.
