Revsine/Collins/Johnson/Mittelstaedt emphasizes both the process of financial reporting and the analysis of financial statements. This book employs a true "user" perspective by discussing the contracting and decision implications of accounting and this helps readers understand why accounting choices matter and to whom. Revsine, Collins, Johnson, and Mittelstaedt train their readers to be good financial detectives, able to read, use, and interpret the statements and-most importantly understand how and why managers can utilize the flexibility in GAAP to manipulate the numbers for their own purposes. Significantly, the new edition

connection between GAAP earnings and stock prices has introduced a need to discriminate between instructive and misleading non-GAAP alternatives. This book integrates the alternatives and provides guidance on understanding the extent to which non-GAAP reports, particularly from US companies, may be biased.

Understanding financial statements is an essential skill for business professionals and investors. Most books on the subject proceed from the questionable premise that companies' objective is to present a true picture of their financial condition. A safer assumption is that they seek to minimize the cost of raising capital by portraying themselves in the most favorable light possible. Financial Statement Analysis teaches readers the tricks that companies use to

The book, now in its Second Edition, gives a clear and in-depth analysis of financial statements and provides a harmonious blend of concepts and practices as followed by Indian companies. In this edition, the new format for income statement prescribed in Part II of Schedule VI of the Companies Act, 1956 has been incorporated. Implications of these changes on the analysis and interpretation of the statement have also been discussed. This textbook is primarily intended for undergraduate and postgraduate students of Commerce and Management. In addition, the book will be immensely useful to financial analysts, bank managers for credit analysis, professional accountants and business executives. KEY FEATURES
