The first collection of short stories from the Christian writer Dmitri Dobrovolski immerses the reader into the wonderful world of God's miracles! The collection includes new and previously unpublished inspiring stories along with Dmitri ' s popular work: "The Faithful Steward"

The 13 essays in this volume explore Stephenie Meyer ' s wildly popular Twilight series in the contexts of literature, religion, fairy tales, film, and the gothic. Several examine Meyer ' s emphasis on abstinence, considering how, why, and if the author ' s Mormon faith has influenced the series ' worldview. Others look at fan involvement in the Twilight world, focusing on how the series ' avid following has led to an economic transformation in Forks, Washington, the real town where the fictional series is set. Other topics include Meyer ' s use

of Quileute shape-shifting legends, Twilight ' s literary heritage and its frequent references to classic works of literature, and the series ' controversial depictions of femininity.

Ancient names come to rich and fascinating life in this lavishly illustrated gift book for mythology fans and word lovers. Did you know that “ museums ” were initially temples built to worship the nine muses, the goddesses of the arts? That “ Janus ” was the god of the doorways and hallways, and we have named our janitors after him? Where did these words — and other words, such as chaos, genius, nemesis, panic, echo, and narcissus — come from? From the ancient stories of the Greeks — stories that rang so true and wise that the names of the characters have survived for centuries as words we use every day. The brief stories here not only impart the subtle wisdom of these ancient tales, but make us understand the words, and our own world, more deeply.

"Bare Men" portrays the male nude as a human and a work of art, not simply a utilitarian device. It celebrates men who are comfortable in their skin, relaxed, powerful, erect, vulnerable. The images share moments of joy, the power of release, physical angst and ease of masculinity. "Bare Men" offers glimpses into their private moments. The viewer is privy to two relationships: the man and the photographer and the man and himself while in some instances is invited to join in.

Based on a range of field methods, it explores how Indonesian gay and lesbian identities are shaped by nationalism and globalization. Yet the case of gay and lesbian Indonesians also compels us to ask more fundamental questions about how we decide when two things are "the same" or "different." The book thus examines the possibilities of an "archipelagic" perspective on sameness and difference. Tom Boellstorff examines the history of homosexuality in Indonesia, and then turns to how gay and lesbian identities are lived in everyday Indonesian life, from questions of love, desire, and romance to the places where gay men and lesbian women meet. He also explores the roles of mass media, the state, and marriage in gay and lesbian identities. *The Gay Archipelago* is unusual in taking the whole nation-state of Indonesia as its subject, rather than the ethnic groups usually studied by anthropologists. It is by looking at the nation in cultural terms, not just political terms, that identities like those of gay and lesbian Indonesians become visible and understandable. In doing so, this book addresses questions of sexuality, mass media, nationalism, and modernity with implications throughout Southeast Asia and beyond.
