The Structure of Argument covers critical thinking, reading, writing, and research. Concise but thorough, it includes questions, exercises, writing assignments, and a full semester's worth of readings—everything students need in an affordable, compact format. Presenting Aristotelian and Rogerian as well as Toulmin argument, The Structure of Argument has been totally revised, with more than three-quarters of the readings new (including many multimodal selections available online at no extra charge), new coverage of multimodal argument, expanded treatment of key rhetorical concepts, a fresh new design, and additional support for research. Its emphasis on Toulmin argument makes Structure highly teachable, since the approach fits with the goals of the composition course.

New edition of the Hockenburys' text, which draws on their extensive teaching and writing experiences to speak directly to students who are new to psychology.

From the best-selling authors of the most successful reader in America comes Practical Argument. No one writes for the introductory composition student like Kirszner and Mandell, and Practical Argument simplifies the study of argument. A straightforward, full-color, accessible introduction to argumentative writing, it employs an exercise-driven, thematically focused, step-by-step approach to get to the

heart of what students need to understand argument. In clear, concise, no-nonsense language, Practical Argument focuses on basic principles of classical argument and introduces alternative methods of argumentation. Practical Argument forgoes the technical terminology that confuses students and instead explains concepts in understandable, everyday language, illustrating them with examples that are immediately relevant to students' lives.

David Myers' new partnership with coauthor C. Nathan DeWall matches two dedicated educators and scholars, each passionate about teaching psychological science through writing and interactive media. With this new edition of the #1 bestselling Psychology, Myers and DeWall take full

advantage of what an integrated text/media learning combination can do. New features move students from reading the chapter to actively learning online: How Would You Know puts students in the role of scientific researcher and includes tutorials on key research design principles; Assess Your Strengths self-tests help students learn a little more about themselves, and include tips about nurturing key strengths. These and other innovations rest on the same foundations that have always distinguished a new David Myers edition—exhaustive updating (hundreds of new citations), captivating writing, and the merging of rigorous science with a broad human perspective that engages both the mind and heart.
