William Floyd Collins, better known as Floyd Collins, was an American cave explorer, principally in a region of Central Kentucky that houses hundreds of miles of interconnected caverns within Mammoth Cave National Park, the longest cave system in the world. In the early 20th century, in an era known as the Kentucky Cave Wars, commercial cave owners and explorers in Kentucky entered into a bitter competition to exploit the bounty of caves for commercial profit from tourists, who paid to see the c

The tables have turned in this hilarious follow-up to *There's a Bear on My Chair*. But this time it's Bear who has an unwelcome guest, and this mouse just won't leave! He's making a real commotion in Bear's house--eating all the food, listening to loud music, and even spilling bathwater all over the floor! But when there's an unexpected knock at the door, will Bear decide that visitors aren't so bad after all?

"Sixpence House is the bookworm's answer to *A Year in Provence*." -Boston Globe Paul Collins and his family abandoned the hills of San Francisco to move to the Welsh countryside--to move, in fact, to the village of Hay-on-Wye, the "Town of Books" that boasts fifteen hundred inhabitants--and forty bookstores. Taking readers into a secluded sanctuary for book lovers, and guiding us through the creation of the author's own first book, *Sixpence House* becomes a heartfelt and often hilarious meditation on what books mean to us. A #1 BookSense Pick "A delightful book."-Los Angeles Times "Collins' gift is that you don't care where you end up. The journey is enough."-Readerville "The real, engaging heart of the tale is Collins' love of books and other people who love them...Collins muses on antiquarian books the way the rest of us remember lost loves."-San Francisco Chronicle "Funny, informative, somewhat chaotic and full of interesting references...there are numerous meanders into peripheral subjects, seen through the astute eyes of an Anglophile American."-Washington Post

This is the story of Enid Collins, the famed handbag designer of the 1940s, 50s and 60s. The setting is Spring Valley Ranch, the 400 acres of rugged but beautiful land that she and husband Frederic Collins bought sight unseen in order to pursue a dream of ranching - a dream that wasn't to be. Instead, out of their need to survive, they did what they knew how to do, they made things. In many ways, their remote and rugged lives were far from ours today. In other ways, they were not that different. They succeeded, they struggled, they lived. We begin as spectators watching from a distance but through this story we

are beckoned closer - to see what they saw and, indeed, read their journaled thoughts. Through this human story you are invited to examine your own life, to question. You are invited to a place of deeper meaning and purpose.

Finding love with film star Lennie Golden, mobster's daughter Lucky Santangelo prepares to take over Panther studios--a move that will test her marriage, tempt her to infidelity, and thrust her into Hollywood's wild side. Reissue.

In this collaborative memoir, a parent and a transgender son recount wrestling with their differences as Donald Collins undertook medical-treatment options to better align his body with his gender identity. As a parent, Mary Collins didn't agree with her trans son's decision to physically alter his body, although she supported his right to realize himself as a person. Raw and uncensored, each explains her or his emotional mindset at the time: Mary felt she had lost a daughter; Donald activated his "authentic self." Both battled to assert their rights. A powerful memoir and resource, *At the Broken Places* offers a road map for families in transition.

Winner of the Amnesty CILIP Honour Award *Poor Mouse!* A bear has settled in his favourite chair and it just isn't big enough for two. Mouse tries all kinds of tactics to move the pesky Bear but nothing works and poor Mouse gives up. Once Mouse has eventually gone, Bear gets up and walks home. But wait - is that a Mouse in Bear's house?!

A compendium of biographical and historical anecdotes, recipes, activities, and crafts from the life of Laura Ingalls Wilder and her nine Little House books.

From the author of *The Winter Sister* and *Behind the Red Door*, this "masterpiece of gothic suspense and horror, filled with dark family secrets and stunning twists" (Michele Campbell, author of *It's Always the Husband*) follows a family obsessed with true crime as they gather to bury their patriarch--only to find another body already in his grave. At twenty-six, *Dahlia Lighthouse* is haunted by her upbringing. Raised in a secluded island mansion deep in the woods and kept isolated by her true crime-obsessed parents, she is unable to move beyond the disappearance of her twin brother, Andy, when they were sixteen. After several years away and following her father's death, Dahlia returns to the house, where the family makes a gruesome discovery: buried in their father's plot is another body--Andy's, his skull split open with an ax. Dahlia is quick to blame Andy's murder on the serial killer who terrorized the island for decades, while the rest of her family reacts to the revelation in unsettling ways. Her

brother, Charlie, pours his energy into creating a family memorial museum, highlighting their research into the lives of famous murder victims; her sister, Tate, forges ahead with her popular dioramas portraying crime scenes; and their mother affects a cheerfully domestic facade, becoming unrecognizable as the woman who performed murder reenactments for her children. As Dahlia grapples with her own grief and horror, she realizes that her eccentric family, and the mansion itself, may hold the answers to what happened to her twin.
