Human Communication is an integrated program that helps students practice communication skills, build confidence in public speaking, and achieve success in their introductory communication course. With McGraw-Hill LearnSmart in Connect Communication, students separate what they know from what they think they know, following a continually adaptive learning path toward mastery of key concepts. Additionally, Connect provides students with the resources they need to construct well-planned speeches while its highly flexible speech capture tool saves instructors valuable time in managing assignments and evaluating student speeches. Rooted in current scholarship and with an eye on practical, everyday communication scenarios, Human Communication is designed to make introductory communication studies immediate and relevant to students. Following their writing mantra, "Make it Smart. Keep it Real," the authors strike a balance of definitive theory and everyday application that resonates with the challenges and goals of today's typical basic course.

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Updated in its 3rd edition, Human Communication in Society is the only text to explore the interplay between the individual and society and its impact on communication. By understanding how the tensions among individual forces, societal forces, cultures, and contexts shape communication and meaning, readers become more ethical and effective communicators. Alberts, Nakayama, and Martin wrote Human Communication in Society to bring a comprehensive, balanced view to the study of human communication.

Praised for its teachability, Thinking Through Communication provides an excellent, balanced introduction to basic theories and principles of communication, making sense of a complex field through a variety of approaches. In an organized and coherent manner, Thinking Through Communication covers a full range of topics- from the history of communication study to the methods used by current communication scholars to understand human interaction. The text explores communication in a variety of traditional contexts: interpersonal, group, organizational, public, intercultural, computer-mediated communication and the mass media. This edition also offers new insights into public speaking and listening. This text can be used successfully in both theory- and skills-based courses. Written in a clear, lively style, Trenholm's overall approach-including her use of examples and interesting illustrations-helps both majors and non-majors alike develop a better understanding of communication as a field of study and an appreciation for ways in which communication impacts their daily lives.
