The picture above reminded me of a line from a song by the rock group Led Zeppelin, “ Our shadows taller than our souls. ” I don ’ t know what they meant by it. Many lines from that song have multiple meanings. For me the picture represents the humble feelings I was having, having been humbled by the larges of the state of New York.

Fernando Pessoa is Portugal's most important contemporary poet. He wrote under several identities, which he called heteronyms: Albet Caeiro, Alvaro de Campos, Ricardo Reis, and Bernardo Soares. He wrote fine poetry under his own name as well, and each of his "voices" is completely different in subject, temperament, and style. This volume brings back into print the comprehensive collection of his work published by Ecco Press in 1986.

In her debut, Ashley Garcia explores themes of love, feminism, and struggling with mental illness as a young woman in today's era. *Is This Poetry* is a collection of poetry that takes the reader on a three year journey that weaves through the murky waters of early womanhood that will resonate through generations.

Spencer Bishop's past was nothing more than a falsified case of fake memories. Every birthday, holiday, and special moment was changed in order to protect her from evil. Aiden, the lover who was erased with her

Modern other memories, came back into her life and caused her to question reality and figure out who she was. After an act of bravery, Spencer was granted her memories back. Aiden, her true love and the Angel's in Heaven desired for her to see her true destiny and fight evil. Can Spencer defeat the evil before it destroys her and Heaven?

HEAVEN RIDE is a techno-thriller about two loyal friends who unlock secrets of the human soul and invent a device that ejects the soul and long-term memory on its path to heaven, and then brings it back. The "Pod" enables them to build Heaven Ride into the most lucrative empire the world has ever known, until ruthless rivals embark on a campaign of deceit, treachery and betrayal to wrest it away for their own insidious plan. This quandary of science and morality may change the way you think about heaven and the afterlife ... FOREVER. \* \* \* David

Brownington, a brilliant entrepreneurial mastermind with a leading business incubator, comes in contact with a mysterious gadget that measures wavelengths never seen before. His close friend, JW Gomez, a third-year Ph.D. candidate, supercedes the boundaries of his doctoral studies using a bio-pod that creates out-of-body experiences. Driven by memories of his little brother who perished in a gruesome accident as a child, JW's extra-curricular studies of sudden traumatic death lead to the astonishing discovery of the human soul. When David and JW merge these devices, they stumble upon the highway to heaven. Each of them falls in love as their miraculous invention takes the world by storm. Millions make the trip. As Heaven Ride prospers, its repercussions ripple throughout society. Protests, bombs and kidnappings threaten to shut it down, posing risks to David, JW, their friends and

families. Long after Heaven Ride becomes a household word, startling revelations put David and JW in the crosshairs of dangerous men seeking ultimate power. With HEAVEN RIDE, John Eccleston and Kerry Gleason have woven an intense tale of ambition, success, friendship, betrayal, greed and corruption. It's an intricate and interesting tale of mankind's most startling invention, and technology gone awry.

In his debut collection of poetry, Steve Coughlin examines the severity of family trauma on both personal memory and the human psyche. Written in an accessible, colloquial voice that poet J. Allyn Rosser describes as "strong, versatile, original...[and] capable of radically different tones and angles of approach," these poems move from haunted laments to playful musings as they negotiate the complexities of grief with the desire to escape into the

imagination's safe refuge. Ultimately, in ANOTHER CITY Coughlin depicts the harsh struggles of a working class family and leaves readers to consider what healing, if any, the imagined world can offer.

Here, in Margaret Jull Costa and Patricio Ferrari's splendid new translations, are the complete poems of Alberto Caeiro, the imaginary "heteronym" coterie created by Fernando Pessoa, the Portuguese modernist master. Pessoa conceived Caeiro around 1914 and may have named him loosely after his friend, the poet M á rio de Sa-C á rrneiro. What followed was a collection of some of Fernando Pessoa's greatest poems, grouped under the titles The Keeper of Sheep, The Shepherd in Love, and Uncollected Poems. This imaginary author was a shepherd who spent most of his life in the countryside, had almost no education, and was ignorant of most literature; yet he

(Pessoa) wrote some of the most beautiful and profound poems in Portuguese literature. This edition of *The Complete Works of Alberto Caeiro* is based on the magnificent Portuguese Tinta-da-China edition, published in Lisbon in 2016, and contains an illuminating introduction by the Portuguese editors Jerónimo Pizarro and Patricio Ferrari, some facsimiles of the original Portuguese texts, and prose excerpts about Caeiro and his work written by Fernando Pessoa well as his other heteronyms Álvaro de Campos and Ricardo Reis, and other fictitious authors such as Antonio Mora and I. I. Crosse.
