ISO 9001:2015 includes many changes that not only affect the companies aiming to achieve certification to it, but also auditors. This book is the resource auditors need to fully understand ISO 9001:2015 and help them perform audits to it. This book integrates two different types of audit strategies, conformance audits and performance audits, into one process approach audit. Conformance audits confirm that the organization is meeting the requirements of the standard, while performance audits confirm that the QMS is achieving its intended results. The book includes: An introduction to ISO 9001:2015 An auditing strategy for ISO 9001:2015 How to conduct a Stage 1 audit for ISO 9001:2015 How to conduct a Stage 2 on-site audit for ISO 9001:2015 Appendices include an introduction to process focus, an assessment report template for Stage 1 audits, a confidential assessment report template for Stage 2 audits, and an ISO 9001:2015 conformance checklist.

"This handbook supports the quality auditor Body of Knowledge (BoK), developed for the ASQ Certified Quality Auditor (CQA) program. This edition addresses new and expanded BoK topics, common auditing (quality, environmental, safety, and so on) methods, and process auditing. It is designed to provide practical guidance for system and process auditors. Practitioners in the field provided content, example audit situations, stories, and review comments as the handbook evolved. New to the edition are the topics of common and special causes, outliers, and risk management tools. Besides the new topics, many current topics have been expanded to reflect changes in auditing practices since 2004 and ISO 19011 guidance, and they have been rewritten to promote the common elements of all types of system and process audits. The handbook can be used by new auditors to gain an understanding of auditing. Experienced auditors will find it to be a useful reference. Audit managers and quality managers can use the handbook as a guide for leading their auditing programs. The handbook may also be used by trainers and educators as source material for teaching the fundamentals of auditing"--
