Bank Financial Management has been written keeping in view specific knowledge and skill needs of banking professionals desirous of gaining advanced knowledge of banking. The book deals with four important areas of banking, viz., International Banking, Ri

This book on general bank management provides a systematic and comprehensive overview of modern management practices in banks with emphasis on international banking, human resources management, technology management and marketing management. It is an encyclopaedia of management practices from the point of view of practitioners of banking. The book is based on the rich experience of authors, who are well known in both the academic world and banking. Though the book is mainly oriented towards banking sector, it would also prove useful to students of management.

This book is a practical handbook that takes the reader through accounting and financial techniques in an easy-to-follow, progressive way. In this new, easy-to-read format, recent and developed concepts are introduced in a non-specialist context, intended

Retail Banking has become a very important component in the business mix of banks. Retail Banking offers multiple comfort factors for banks to do business. Large and divergent customer base across income segments offers huge scope for banks to develop and
