Pearson Edexcel International AS/A Levels (IAL) are globally recognised
qualifications which open doors to top universities worldwide. Available for 21
subjects, they have a modular structure, yet remain comparable to GCE AS/A levels,
as confirmed by NARIC, the national agency responsible for providing information
and expert opinion on qualifications and skills worldwide.

Exam Board: Edexcel Level: AS/A-level Subject: Chemistry First Teaching: September 2015 First Exam: June 2016 Endorsed by Edexcel Develop and assess your students' knowledge and mathematical skills throughout A Level with worked examples, practical assessment guidance and differentiated end of topic questions with this Edexcel Year 1 student book - Identifies the level of your students' understanding with diagnostic questions and a summary of prior knowledge at the start of the Year 1 Student Book - Provides support for all 16 required practicals with various activities and questions, along with a 'Practical' chapter covering procedural understanding and key ideas related to measurement - Mathematical skills are integrated throughout with plenty of worked examples, including notes on methods to help explain the strategies for solving each type of problem - Offers plenty of practice with Test Yourself Questions to help students assess their understanding and measure progress - Encourages further reading and study with short passages of extension material - Develops understanding with free online access to Test yourself Answers and an Extended Glossary. Edexcel A level Chemistry Year 1 Student Book includes AS level.

Revise for AS & A2 Biology with confidence! Providing complete study support throughout the two A Level years, this Edexcel Chemistry study guide matches the curriculum content and provides in-depth course coverage. Written by experienced AS and A2 examiners this book includes invaluable advice on how to get the best results in the exams. Providing plenty of exam practice and frequent progress checks and questions to consolidate learning, this AS & A2 Edexcel Chemistry study guide contains invaluable advice and preparation for the exam. Extensive coverage of the Edexcel course: * AS & A2 specification checklists to organise your studies * tick boxes to record your progress and plan your revision * in-depth coverage of core AS & A2 topics Also included in this book: * examiner's tips that reveal how to achieve higher marks * exam board labels that allow students to identify content relevant to their course * topics subdivided into short, manageable sections * highlighted key points and terminology, and examiner's hints to offer guidance * progress check questions to test recall and understanding * sample questions and model answers that reveal what examiners are looking for * exam-style questions and answers that provide crucial exam practice

Covering the core requirements of the OCR A, Edexcel and AQA specifications, AS and A Level Chemistry is clearly structured into two parts to ensure students progress confidently through the course.

Experimentalists and theoreticians from chemistry and physics present various interactions in molecules using methods of chemical synthesis, structural analysis, spectroscopy and quantum chemical computations. This work constitutes an important basis in the investigation of increasingly more complex systems such as the study of the action of drugs in pharmaceutical research. The book gives an excellent survey for the specialist and also a welcome introduction for the advanced graduate student and the researcher in neighboring fields.

Students are encouraged to share Shakespeare's love of language, interest in character and sense of theatre in this book. Classroom activities are thematically

organised in distinctive 'stagecraft', 'write about it', 'language in the play', 'characters' and 'themes' features. Extended glossaries are aligned with the play text for easy reference.

Develop and assess your students' knowledge and mathematical skills throughout A Level with worked examples, practical assessment guidance and differentiated end of topic questions with this Edexcel Year 1 student book - Identifies the level of your students' understanding with diagnostic questions and a summary of prior knowledge at the start of the Year 1 Student Book - Provides support for all 16 required practicals with various activities and questions, along with a 'Practical' chapter covering procedural understanding and key ideas related to measurement - Mathematical skills are integrated throughout with plenty of worked examples, including notes on methods to help explain the strategies for solving each type of problem - Offers plenty of practice with Test Yourself Questions to help students assess their understanding and measure progress - Encourages further reading and study with short passages of extension material - Develops understanding with free online access to Test yourself Answers, an Extended Glossary, Learning Outcomes and Topic Summaries Edexcel A level Chemistry Year 1 Student Book includes AS level

Cambridge Global English (1-6) is a six-level Primary course following the Cambridge Primary English as a Second Language Curriculum Framework developed by Cambridge English Language Assessment. Learner's Book 4 provides core input for Stage 4 with nine thematic units of study and five review spreads. Units end with an engaging project and opportunity for self-assessment. Richly illustrated units contain six lessons, each developed around a unifying theme. The materials feature skills-building tasks for listening, reading, writing and speaking. 'Language detective' features focus on language awareness, and 'Tips' boxes on key tips for specific skills. Texts have variety: factual and fictional, dialogue and poetry covering a range of topics. Accompanying Audio CDs (2) include listening material for Stage 4 Learner's and Activity Books. CEFR Level: towards A2.

Please note this title is suitable for any student studying: Exam Board: AQA Level: A Level Subject: Chemistry First teaching: September 2015 First exams: June 2017 Fully revised and updated for the new linear qualification, written and checked by curriculum and specification experts, this Student Book supports and extends students through the new course whilst delivering the maths, practical and synoptic skills needed to succeed in the new A Levels and beyond. The book uses clear straightforward explanations to develop real subject knowledge and allow students to link ideas together, while developing essential exam skills.

With My Revision Notes you can: - Manage your own revision with step-by-step support from experienced teacher and examiner George Facer - Apply biological terms accurately with the help of definitions and key words - Plan and pace your revision with the revision planner - Test understanding with questions throughout the book - Get exam ready with last minute quick quizzes available on the Hodder Education website
