My Music is a first-hand exploration of the diverse roles music plays in people's lives. "What is music about for you?" asked members of the Music in Daily Life Project of some 150 people, and the responses they received -- from the profound to the mundane, from the deeply-felt to the flippant -- reflect highly individualistic relationships to and with music. Susan Crafts, Daniel Cavicchi, and Project Director Charles Keil have collected and edited nearly forty of those interviews to document the diverse ways in which people enjoy, experience, and use music. How can foreign language learning be developed in primary schools? In what ways can it be integrated into the primary classroom? Modern Languages in the Primary School tackles these questions, challenging current perceptions of primary modern languages, arguing that modern languages should be fully integrated into the primary curriculum, and looking at ways in which this can be achieved. The authors examine ways in which language-learning can be made a rich experience for all. They offer ideas on how to start language programmes in schools, or enhance those already in place. The book: - Features a 3-stage practical approach to teaching languages with different age groups in primary schools - Develops a coherent view of language learning and teaching - Refers to the KS2 Framework elements of oracy, literacy, intercultural understanding, knowledge about language and language learning strategies - Contains a chapter which offers a theoretical introduction to content and language integrated learning (CLIL) - Refers to the QTS Standards and offers a short guide to internet-based and multimedia resources This book is for Primary ITE students and experienced teachers who are taking on the Modern Language coordinator role or teaching modern languages in primary schools for the first time.
