The Plague: Summary | SparkNotes

The Plague (French: La Peste) is a novel by Albert Camus, published in 1947, that tells the story of a plague sweeping the French Algerian city of Oran. It asks a number of questions relating to the nature of destiny and the human condition.

The plague. (edition) | Open Library

The country is gripped by La Peste — a second pandemic of bubonic plague that swept through Europe at the time, which would eventually kill over half a million people in southern Spain alone. We ' re introduced to a suitably grim vision of Seville in this era, where hastily constructed wooden shacks house the dead and dying in sprawling slums.

REVIEW: The Plague (S1 E1&2/6) — The Killing Times

'La Peste' (The Plague), the film adaptation of the 1947 novel by French existentialist Albert Camus, received poor reviews and was a box office bomb and rightfully so-- except for the presence of French actress (speaking in English) Sandrine Bonnaire, as TV journalist Martine Rambert (in the novel, the character is a male newspaper journalist) Her conversation with Wm.Hurt (as Dr. Riseux), in the doctor's office, must go down as one of the most superb scenes in film history: "Do you have ...

The Plague (1992) - IMDb

The Plague The central irony in The Plague lies in Camus' treatment of "freedom." The citizens of Oran become prisoners of the plague when their city falls under total quarantine, but it is questionable whether they were really "free" before the plague. Their lives were strictly regimented by an unconscious enslavement to their habits.

La peste (The Plague) Series Information: Set in 16th century Seville, a bustling global center recovering after a dark era of disease and political upheaval, Season 2 centers on the arrival and rapid growth of the violent Gardu ñ a crime family.

A haunting tale of human resilience in the face of unrelieved horror, Camus' novel about a bubonic plague ravaging the people of a North African coastal town is a classic of twentieth-century literature.

Albert Camus is one of the iconic figures of twentieth-century French literature, one of France's most widely read modern literary authors and one of the youngest winners of the Nobel Prize for Literature. As the author of L'Etranger and the architect of the notion of 'the Absurd' in the 1940s, he shot to prominence in France and beyond. His work nevertheless attracted hostility as well as acclaim and he was increasingly drawn into bitter political controversies, especially the issue of France's place and role in the country of his birth, Algeria. Most recently, postcolonial studies have identified in his writings a set of preoccupations ripe for revisitation. Situating Camus in his cultural and historical context, this 2007 Companion explores his best-selling novels, his ambiguous engagement with philosophy, his theatre, his increasingly high-profile work as a journalist and his reflection on ethical and political questions that continue to concern readers today.

The plague, aptly known as the Black Death, swept through Europe in the 1300s, killing more than 20 million people. Not only deadly but incredibly painful, the disease was characterized by black boils all over the body that oozed blood and pus. While providing more details about the plague, this book, an asset to any social studies collection, also addresses where the lethal outbreak originated and whether it could return. Aided by striking illustrations, sidebars, and fact boxes, readers will discover the conditions in the Middle Ages that made it possible for such an appalling disease to spread so easily.

Chaos prevails when the bubonic plague strikes the Algerian coastal city of Oran.

In 1960 a mysterious car crash killed Albert Camus and his publisher Michel Gallimard, who was behind the wheel. Based on meticulous research, Giovanni Catelli builds a compelling case that the 46-year-old French Algerian Nobel laureate was the victim of premeditated murder: he was silenced by the KGB. The Russians had a motive: Camus had campaigned tirelessly against the Soviet crushing of the 1956 Hungarian Revolution, and vociferously supported the awarding of the Nobel Prize to the dissident novelist Boris Pasternak, which enraged Moscow. Sixty years after Camus' death, Catelli takes us back to a murky period in the Cold War. He probes the relationship between Camus and Pasternak, the fraught publication of Doctor Zhivago, the penetration of France by Soviet spies, and the high price paid by those throughout Europe who resisted the USSR.

In Camus, Philosophe: To Return to our Beginnings Matthew Sharpe reads Camus as a philosophe in the classical and enlightenment lineages, arguing that his defense of mesure singles him out amidst 20th century French thought and makes him of renewed relevance today.

" [One] of our greatest living writers. " —Shondaland Named a Most Anticipated Book of the Year by Harper ' s Bazaar, BuzzFeed, The Advocate, Lit Hub, Book Page, and Paperback Paris A full-throated and provocative memoir in letters from the New York Times-bestselling author, " a dazzling literary talent whose works cut to the quick of the spiritual self. " —Esquire In three critically acclaimed novels, Akwaeke Emezi has introduced readers to a landscape marked by familial tensions, Igbo belief systems, and a boundless search for what it means to be free. Now, in this extraordinary memoir, the bestselling author of The Death of Vivek Oji reveals the harrowing yet resolute truths of their own life. Through candid, intimate correspondence with friends, lovers, and family, Emezi traces the unfolding of a self and the unforgettable journey of a creative spirit stepping into power in the human world. Their story weaves through transformative decisions about their gender and body, their precipitous path to success as a writer, and the turmoil of relationships on an emotional, romantic, and spiritual plane, culminating in a book that is as tender as it is brutal. Electrifying and inspiring, animated by the same voracious intelligence that distinguishes their fiction, Dear Senthuran is a revelatory account of storytelling, self, and survival.

English Magic moves through fields and parklands, estates and empty beaches. It lands at Heathrow Airport, takes a taxi to the suburbs, finds emptiness and oppression. It strikes out for the countryside on May Day, to where maypoles whirl and haybales blaze, and where blessings sound like threats. It ' s in a flat, drags itself out of half sleep... and there ' s something tapping behind the gas fire... In her debut collection of short stories, Uschi Gatward takes us on a tour of an England simultaneously domestic and wild, familiar and strange, real and imagined. Coupling the past and the present, merging the surreal and the mundane, English Magic is a collection full of humour and warmth, subversion and intoxication. It announces the arrival of a shining new talent.

" To create today means to create dangerously. Every publication is a deliberate act, and that act makes us vulnerable to the passions of a century that forgives nothing. " In 1957, Nobel Prize-winning philosopher Albert Camus gave a speech entitled "Create Dangerously," effectively a call to arms for artists, in particular those who came from an immigrant background, like he did. Camus understood the necessity of those making art as a part of civil society. A bold cry for artistic freedom and responsibility, his words today remain as timely as ever. In this new translation, Camus's message, available as a stand-alone little book for the first time, will resonate with a new generation of writers and artists.

Albert Camus is one of the 20th century's most esteemed writers, and La Peste, or The Plague (1947), is considered one of his masterpieces. Set in the North African French colony of Oran, the novel chronicles a recrudescence of the bubonic plague and the various ways in which the townspeople respond to the pestilence.The novel has been adapted for film and the stage. In early 2020, it has surged in popularity due to COVID-19, and is often seen as relevant in terms of forebodings and insights for and into this crisis.
