~~Legionnaire (Galaxy's Edge Book 1) eBook: Anspach, Jason ...~~

Gritty, Foxhole Sci-Fi. Legionnaires on the edge of the galaxy in an unwinnable battle against superior numbers. Battle buddies, camaraderie, esprit de corps... Captures battle-weary mindset of guys who are in it to save each other - not because of some lofty goal or political outcome. A nice bonus story in the epilogue too.

~~Legionnaire (Galaxy's Edge, #1) by Jason Anspach~~

The book clearly belongs to the military science fiction universe. It is one of the best samples of the genre and it is accordingly fast-paced. The Legionnaires are spread thin over the Galaxy's Edge, and Victory Company fights as hard as it can for its survival against the overwhelming odds of a rebellion that was supposed to be impossible.

With no room for error, the Republic's elite fighting force must struggle to survive under siege while waiting on a rescue that might never come.

A threat looms at the edge of the galaxy... Years have passed since the battle of Kublar, and Wraith is in deep cover for Legion Dark Ops, living a second life on the edge as an irreverent smuggler and bounty hunter under the alias of Captain Keel. As he fights off pirates and double-crossing rebels, Keel comes to realize that the old lines between right and wrong have blurred as the Legion sinks further under the corrupting influence of the House of Reason and its points. When a lucrative night market contract is offered directly to Wraith to hunt down an enigmatic warlord, the former legionnaire winds up on a galactic-wide search that brings him face to face with the galaxy's most notorious bounty hunter, a living legend known as Tyrus Rechs. The pair soon discover that the man they both hunt is more powerful than either imagined... and is poised to overthrow the Republic. With a cloud of darkness growing and a planet pitched in war, Wraith must choose whether his true allegiances lie with himself... or with his brothers still in the Legion. Military sci-fi meets space opera in this world-spanning adventure. Start reading now to see how expansive Galaxy's Edge is with this brief interlude in the ongoing story of the legionnaires of Victory Company!

Choose your legacy. Captain Chhun's Dark Ops squad is reunited with Wraith, and they are entrusted with the task of denying Goth Sullus the shipyards he so eagerly desires. But when the mission doesn't go as planned, Chhun and Wraith must find a way to stop the Black Fleet's advance--even if it costs them their lives. Meanwhile, an old friend from Nether Ops executes a covert operation that will turn the focus of the Last War of the Republic in a terrible new direction. Daring heroics, sacrifice, and courage come together as the Legion attempts to contain the fire sparked at the Battle of Tarrago.

The greatest conflict the galaxy has ever known... They were the Savages. Raiders from our distant past. Elites who left Earth to create tailor-made utopias aboard the massive lighthuggers that crawled through the darkness between the stars. But the people they left behind on a dying planet didn't perish in the dystopian nightmare the Savages had themselves created: they thrived, discovering faster-than-light technology and using it to colonize the galaxy ahead of the Savages, forming fantastic new civilizations that surpassed the wildest dreams of Old Earth. Until the Savages came in from the Darkness... When a Savage hulk lands on glittering New Vega, one of the crown jewels of the post-Earth galaxy, a coalition of planetary governments amasses their forces to respond to the post-human Savage Marines who've come to sack and enslave. But what the coalition forces find is something far more sinister than the typical Savage hit-and-run: this time, the Savages have come to stay. Witness the intense beginning of THE SAVAGE WARS, the epic conflict, built into the lore of GALAXY'S EDGE, that will encompass over a thousand years of brutal fighting. Only the greatest military force in the galaxy can bring this war to an end... and the galaxy will never again be the same. Experience the beginning of the Legion. Experience the Savage Wars. Also available in audio book format performed by Stephen Lang (Avatar, Gods & Generals).

Always make 'em pay. In the aftermath of the Battle of Kublar--and the destruction of the battleship Chiasm--Legion Dark Ops recruits Chhun, Wraith, and the survivors of Victory Company to form an elite Kill Team of legionnaires. Their secret mission is as clear as it is deadly: find and eliminate those responsible for the Kublar disaster. Standing between them and their objective are a maze of corrupt Republic officials, a spy on the verge of losing himself in deep cover, and the Zhee--a murderous species who will stop at nothing. But perhaps the biggest threat of all is the truth they seek to uncover. A truth that could ignite a revolution--and engulf the galaxy in flames... unless the Kill Team is willing to finish the job. At any cost.

Galaxy's Edge returns with an all-new adrenaline-fueled season of the military sci-fi series! With his duty to the Legion satisfied, Wraith sets out to find a lost member of his crew--the young girl, Prisma. But not only does the journey bring with it more death and destruction--and loss--than he ever imagined, it revives the shadows of a forgotten past? and the only way forward is to follow the footsteps of the legendary Tyrus Rechts. Meanwhile, as the galaxy struggles to steady itself following the fall of a corrupt and bloated Republic, dangerous threats vie for power. These enemies include both the exceedingly modern and the impossibly ancient, awakening at long last to emerge from the darkness between the stars.

The Darkest Secrets Stay Hidden Galaxy's Edge Season Two continues as a divided galaxy is navigated by heroes forced to chart their own dangerous courses. Wraith, seeking to acquire intel on the mysterious Kill Team Ice, finds himself teamed up with an unlikely Nether Ops ally. Zora and Garret, in pursuit of a lost friend, will have their loyalty to Captain Keel tested. And the strain on Nilo and Black Leaf continues to grow, with unexpected intensity. For all of them, the path forward is a crooked one, weaving through House of Reason loyalists, Bronze Guild bounty hunters, brutal slavers, Legion operators, and the mysteries now emerging from the empty and foreboding space beyond galaxy's edge. And each step along that path only seems to reveal a new, darker truth about what's coming for them. But one thing is increasingly certain. War is brewing.

The Coalition is reeling. New Vega and its other worlds have fallen beneath the boot of the newly allied Savage marines, and the death count continues to rise at a staggering rate. One thing is clear: the war to come will be a fight for the very survival of the species. For both sides in this conflict, now is the time to become what fate, and victory, demand. The Savages--post-human monsters who believe themselves to be gods--are intent on remaking civilization in their own violent and pathological image. Yet their alliance is tenuous. Among the many tribes of the Uplifted, as they call themselves, the struggle for supremacy rages on. All know that in the end there can be only one tribe. One leader. One truth. Meanwhile humanity's last, desperate hope is the formation of a new kind of fighting force: The Legion. Those select few who are hardy enough--or foolish enough--to undertake the relentless, grueling, and merciless candidate training will have the chance to be transformed into mythical heroes... or die trying. They will be pushed beyond their physical and mental limits as they seek to survive an unforgiving planet, lost and derelict ghost spaceships, and worst of all, the cold, unflinching brutality of Tyrus Rechs. At the end of this crucible, only the one percent of the one percent will earn the right to be called... .. Legionnaires. Also available in audio book format performed by Stephen Lang (Avatar, Tombstone), Galaxy's Edge: Gods & Legionnaires brings you into the mind of the Savage marines and shows you the heart required to enter the Legion in the second epic installment of Galaxy's Edge: Savage Wars

The thrilling conclusion to Galaxy's Edge season one is here as Wraith and Victory company march to a final showdown on Utopion in a quest to make those responsible for the destruction of the Legion pay.
