SCIENCE AND EMPIRES: FROM THE INTERNATIONAL COLLOQUIUM TO THE BOOK Patrick PETITJEAN, Catherine JAMI and Anne Marie MOULIN The International Colloquium "Science and Empires - Historical Studies about Scientific Development and European Expansion" is the product of an International Colloquium, "Sciences and Empires - A Comparative History of Scientific Exchanges: European Expansion and Scientific Development in Asian, African, American and Oceanian Countries". Organized by the REHSEIS group (Research on Epistemology and History of Exact Sciences and Scientific Institutions) of CNRS (National Center for Scientific Research), the colloquium was held from 3 to 6 April 1990 in the UNESCO building in Paris. This colloquium was an idea of Professor Roshdi Rashed who initiated this field of studies in France some years ago, and proposed "Sciences and Empires" as one of the main research programmes for the project to organize such a colloquium was a bit REHSEIS group. of a gamble. Its subject, reflected in the title "Sciences and Empires", is not a currently-accepted sub-discipline of the history of science; rather, it refers to a set of questions which found autonomy only recently. The terminology was strongly debated by the participants and, as is frequently suggested in this book, awaits fuller clarification.

COMPARABLE IN LASTING significance to the famous classics TheWay of a Pilgrim and Brother Lawrence's The Practice of the Presence of God, this book is an extraordinary spiritual autobiography. It recounts the story of a homeless monk's journey as he travels the dusty roads and paths of the Indian subcontinent, from the ancient temples of the south to the awe-inspiring, snow-covered Himalayas of the north. This is the tale of a pilgrimage, vividly and compellingly told, taken with the hallmarks of complete faith in the Creator and constant remembrance of God. Swami Ramdas did not accept money and treated all people he encountered as manifestations of his Beloved. The narrative contains many inspiring accounts of how his pure love transformed people who at first treated him very harshly. Whatever situation he was placed in, he didn't fail to notice the lighter side, which appealed to his keen sense of the comic and ludicrous in life. He never lost this quality, even after he became God-intoxicated and lived on the road in total, blissful surrender to the divine will. Many readers find themselves in a lifelong love affair with this story. This book is the first in a trilogy chronicling Swami Ramdas' pilgrimage to God-realization. The next two volumes, In the Vision of God, volumes I and II, are also available from Blue Dove Press.

COMPARABLE IN LASTING SIGNIFICANCE to the famous classics The Way of the Pilgrim and Brother Lawrence's The Practice of the Presence of God, this book records a remarkable spiritual autobiography. It concludes the saga of Swami Ramdas' pilgrimage, begun in In Quest of God and continued in In the Vision of God, volume I. Walking in the light of Self-realization, Swami Ramdas traveled the dusty roads of the Indian sub-continent, from the ancient temples of the South to the awe-inspiring, snow-covered Himalayas of the North. He journeyed as a penniless monk, in a God-intoxicated state of total surrender to the supreme will. Using simple but compelling language, Swami Ramdas recounts his many extraordinary experiences with a serene but loving compassion and a captivating humor that makes the book a pleasure to read. Swami Ramdas is rightly considered one of the great saints of the twentieth century. His life gave eloquent example of his central teaching, that anyone can realize God through surrender to, and constant remembrance of, the Divine. This book concludes a trilogy chronicling Swami Ramdas' spiritual pilgrimage. The earlier volumes, In Quest of God and In the Vision of God, volume I, are also available from Blue Dove Press.
