In the 1950s and 1960s, luxury car buyers, from government ministers to captains of industry, almost invariably bought British. These were stately, dignified, and grand

vehicles, with many featuring leather interiors and wood trim.

Unfortunately, that market has now largely disappeared and, with it, so have the car-makers themselves. This new book covers cars in the

Helen Hardacre, a leading
scholar of religious life in
modern Japan, examines the
Japanese state's involvement
in and manipulation of

Acces PDF Manual

Mercedes Benz Om 906 La

shinto from the Meiji Restoration to the present. Nowhere else in modern history do we find so pronounced an example of government sponsorship of a religion as in Japan's support of shinto. How did

Acces PDF Manual

Mercedes Benz Om 906 La

that sponsorship come about and how was it maintained? How was it dismantled after World War II? What attempts are being made today to reconstruct it? In answering these questions, Hardacre shows why State shinto

Acces PDF Manual

Mercedes Benz Om 906 La

symbols, such as the Yasukuni Shrine and its prefectural branches, are still the focus for bitter struggles over who will have the right to articulate their significance. Where previous studies have

Acces PDF Manual

Mercedes Benz Om 906 La

emphasized the state bureaucracy responsible for the administration of shinto, Hardacre goes to the periphery of Japanese society. She demonstrates that leaders and adherents of popular religious

Acces PDF Manual

Mercedes Benz Om 906 La

movements, independent religious entrepreneurs, women seeking to raise the prestige of their households, and men with political ambitions all found an association with shinto useful for self-

Acces PDF Manual

Mercedes Benz Om 906 La

promotion; local-level civil administrations and parish organizations have consistently patronized shinto as a way to raise the prospects of provincial communities. A conduit for access to the prestige of

Acces PDF Manual

Mercedes Benz Om 906 La

the state, shinto has increased not only the power of the center of society over the periphery but also the power of the periphery over the center.
