When it comes to explaining fundamental economic principles by drawing on current economic issues and events, there is no one more effective than Nobel laureate and New York Times columnist Paul Krugman and co-author, Robin Wells. In this best-selling introductory textbook, Krugman and Wells ' signature storytelling style and uncanny eye for revealing examples help readers understand how economic concepts play out in our world. This new edition is revised and enhanced throughout, including Current events framed by the world ' s best communicators of economics. No other text stays as fresh as Krugman and Wells. The authors—who have explained economics to millions through trade books and newspaper columns—offer a new online feature, News Analysis, that pairs journalistic takes on pressing issues with questions based on Bloom ' s taxonomy. This s complements the text ' s unparalleled coverage of current topics: sustainability, the economic impact of technology, dressing policy debates, and much more. A richer commitment to broadening students ' understanding of the global economy. With unparalleled insight and clarity, the authors use their hallmark narrative approach to take students outside of the classroom and into our global world. Starting with a new opening story on the economic transformation in China ' s Pearl River Delta, the global focus is carried throughout with more on the ascendance of China ' s economy, the Euro and events in Europe (including Brexit), and post-recession economies around the globe. Thoroughly updated throughout. The fifth edition has been updated to reflect our always changing world. Along with updated graphs and changes in every chapter in the text, the new edition features 12 new chapter-opening stories, 18 new business cases, and 35 new Economics in Action Applications.

When it comes drawing on enduring economic principles to explain current economic realities, there is no one readers trust more than Paul Krugman. With his bestselling introductory textbook (now in a new edition) the Nobel laureate and New York Times columnist is proving to be equally effective in the classroom, with more and more instructors in all types of schools using Krugman ' s signature storytelling style to help them introduce the fundamental principles of economics to all kinds of students.

When it comes to explaining fundamental economic principles by drawing on current economic issues and events, there is no one more effective than Nobel laureate and New York Times columnist Paul Krugman and co-author, Robin Wells. In this best-selling introductory textbook, Krugman and Wells ' signature storytelling style and uncanny eye for revealing examples help readers understand how economic concepts play out in our world. Microeconomics 5e provides unparalleled coverage of current topics, including sustainability, the economic impact of technology and pressing policy debates. A commitment to broadening students ' understanding of the global economy; a global focus is woven throughout with more on the ascendance of China ' s economy, the Euro and events in Europe (including Brexit), and post-recession economies around the globe.

With its signature storytelling style and coverage of current issues and events, Nobel laureate and New York Times columnist Paul Krugman and co-author, Robin Wells' best-seller is the most effective textbook available for explaining how economic concepts play out in our world. This new edition offers incisive new insight into market power and externalities in microeconomics, updated analysis of long-run growth, and extensive coverage of the economic impacts and policy responses to the coronavirus pandemic in macroeconomics.

The same unique voice that made Paul Krugman a widely read economist is evident on every page of Microeconomics. The product of the partnership of coauthors Krugman and Robin Wells, the book returns in a new edition. The new edition is informed and informative, solidly grounded in economic fundamentals yet focused on the realities of today ' s world and the lives of students. It maintains the signature Krugman/Wells story-driven approach while incorporating organizational changes, new content and features, and new media and supplements.

Iris Au and Jack Parkinson of the University of Toronto, Scarborough have "Canadianized" the Microeconomics section of Krugman/Wells, Economics, Third Edition, maintaining the structure and spirit of the U.S. version but adapting it to include Canadian examples and stories to appeal more directly to Canadian instructors and students.

When it comes drawing on enduring economic principles to explain current economic realities, there is no one readers trust more than Paul Krugman. With his bestselling introductory textbook (now in a new edition) the Nobel laureate and New York Times columnist is proving to be equally effective in the classroom, with more and more instructors in all types of schools using Krugmans signature storytelling style to help them introduce the fundamental principles of economics to all kinds of students.

The Study Guide reinforces the topics and key concepts covered in the Microeconomics text.
