This supplement tests students' knowledge of how they should apply the information they have learned to real-life situations. This text asks that they apply that knowledge to situations that more closely reflect what they are likely to encounter as a salon employee, demonstrating that they know how to use the information they have learned. The questions are more complex than Exam Review questions, often describing a salon stylist or other professional who has a client with a combination of conditions, problems or attitudes. The student will have to take desired results, both from a technical and a communication perspective. Answers are included in the back of the book.

Milady Standard Esthetics Fundamentals, 11th edition, is the essential source for basic esthetics training. This new edition builds upon Milady's strong tradition of providing students and instructors with the best beauty and wellness education tools for their future. The rapidly expanding field of esthetics has taken a dramatic leap forward in the past decade, and this up-to-date text plays a critical role in creating a strong foundation for the esthetics student. Focusing on introductory topics, including history and opportunities in skin care, anatomy and physiology, and infection control and disorders, it lays the groundwork for the future professional to build their knowledge. The reader can then explore the practical skills of a skin care professional, introducing them to the treatment environment, basic facial treatments, hair removal, and the technology likely to be performed in the salon or spa setting.
