One of the greatest classics of modern theater concerns a willful young aristocrat's seduction of her father's valet during a Midsummer's Eve celebration. Complete with Strindberg's highly-regarded critical preface.

This volume contains three of Strindberg's most famous plays, spanning twenty years of prodigious creativity and recurrent personal crises: *The Father*, which displays Strindberg's suspicion of women at its most implacable, 'powerful and profound' (Guy de Maupassant); *Miss Julie* (1888), which he called his masterpiece, and in which he presents with startling modernity the conflict between sexual passion and social position; and *The Ghost Sonata* (1907), written in physical pain and spiritual torment, which is a phantasmagoric dream play, 'a direct source for the Theatre of the Absurd' (Martin Esslin). "Michael Meyer is the translator most actors turn to when seeking a definitive text" (Sunday Times)

The study of Naturalist theatre remains a staple and often foundational part of the curriculum at all levels of drama education. This anthology of six of the most commonly studied and revived Naturalist plays from the European repertoire offers a unique compendium that will serve as required reading for drama courses and is ideal for theatre practitioners and fans. The selected plays perfectly reflect the formal and geographical diversity of Naturalist theatre as well as its major philosophical, political, and theatrical preoccupations. Ibsen's *A Doll's House* (1879), August Strindberg's *Miss Julie* (1888), Gerhart Hauptmann's *The Weavers* (1892), Bernard Shaw's *Mrs Warren's Profession* (1893), Anton Chekhov's *Three Sisters* (1901), and John Galsworthy's *Strife* (1909). A critical introduction by Dr. Chris Megson contextualizes the emergence of Naturalist theatre in the late nineteenth century, identifying its principal aims and methods; provides an analysis of the selected plays, mapping their key preoccupations; and ends by considering Naturalism's enduring legacy and resonance today.

THE STORY: AFTER MISS JULIE transposes August Strindberg's 1888 play about sex and class to an English country house on the eve of Labour's historic landslide in 1945.

The mortal conflict of the sexes, traced here by Strindberg in the clash between an aristocratic young woman and her valet. Ms. Stockenstrom's new translation retains the rhythm and emotional feel of the original while making the prose more playable for today's audiences.

of 500 major plays biographical entries on hundreds of playwrights, actors, directors and producers definitions of nearly 200 genres and movements entries on over 100 key characters from plays information about more than 250 theatres and companies Unlike similar products, The Methuen Drama Dictionary of the Theatre avoids a dry, technical approach with its sprinkling of anecdotal asides and fascinating trivia, such as how Michael Gambon gave his name to a corner of a racing track following an incident on BBC's Top Gear programme, and under 'advice to actors' the sage words of Alec Guinness: 'First wipe your nose and check your flies', and the equally wise guidance from the master of his art, Noël Coward: 'Just know your lines and don't bump into the furniture.' As a companion to everything from the main stage to the fringes of theatrical fact and folklore, this will prove an irresistible book to all fans of the theatre.

The first book-length study of the notion of place and its implications in modern drama

The plays in this volume range from the once shockingly realistic Ghosts (1881), 'the play that launched a thousand ships of critical fury'; through The Wild Duck (1884) with its innovatory symbolism and its touching portrait of a fourteen-year-old girl held in thrall by her feckless father ('Where,' asked George Bernard Shaw, 'shall I find an epithet magnificent enough for The Wild Duck?'); to The Master Builder (1892), showing the semi-autobiographical relationship between an ageing genius and a dynamic young woman. Michael Meyer's translations are 'crisp and cobweb-free, purged of verbal Victoriana' (Kenneth Tynan)
