Sunday is a very believable and likeable character. Although the first part of this book was distressing to read in parts, I enjoyed the first part the most. I'm glad the author Rosie doesn't leave out the nasty bits, it makes for a more realistic story.

Mothering Sunday, placed not long before Holy Week, reminds us that a relationship, any relationship, without pain is likely to be a relationship without love. In fact, if we love, then we put ourselves in the very path of pain and anguish. To love is to put yourself at risk, and your heart may sometimes be wrung out, even broken.

From the Booker Prize-winning author, an intensely moving tale that begins with a secret lovers' assignation in the spring of 1924, then unfolds to reveal the whole of a remarkable life. Soon to be a major motion picture "Exquisite ... shows love, lust, and ordinary decency struggling against the bars of an unjust English caste system." —Kazuo Ishiguro, *The Guardian* On an unseasonably warm spring day in the 1920s, twenty-two-year-old Jane Fairchild, a maid at an English country house, meets with her secret lover, the young heir of a neighboring estate. He is about to be married to a woman more befitting his social status, and the time has come to end the affair—but events unfold in ways Jane could never have predicted. As the narrative moves back and forth across the twentieth century, what we know and understand about Jane—about the way she loves, thinks, feels, sees, and remembers—expands with every page. In *Mothering Sunday*, Swift has crafted an emotionally soaring and profoundly moving work of fiction.

Mark Oakley is one of the church's most outstanding communicators. In this series of fifty beautifully crafted reflections, with characteristic wit, he traverses the landscape of the Christian year. His writing is shaped by a sense that language is sacramental, with a poet's gift of opening up new worlds and new possibilities simply through words.

To the charity workers, Dabaab refugee camp is a humanitarian crisis; to the Kenyan government, it is a 'nursery for terrorists'; to the western media, it is a dangerous no-go area; but to its half a million residents, it is their last resort. Situated hundreds of miles from any other settlement, deep within the inhospitable desert of northern Kenya where only thorn bushes grow, Dadaab is a city like no other. Its buildings are made from mud, sticks or plastic, its entire economy is grey, and its citizens survive on rations and luck. Over the course of four years, Ben Rawlence became a first-hand witness to a strange and desperate limbo-land, getting to know many of those who have come there seeking sanctuary. Among them are Guled, a former child soldier who lives for football; Nisho, who scrapes an existence by pushing a wheelbarrow and dreaming of riches; Tawane, the indomitable youth leader; and schoolgirl Kheyro, whose future hangs upon her education. In *City of Thorns*, Rawlence interweaves the stories of nine individuals to show what life is like in the camp and to sketch the wider political forces that keep the refugees trapped there. Rawlence combines intimate storytelling with broad socio-political investigative journalism, doing for Dadaab what Katherine Boo's *Behind the Beautiful Forevers* did for the Mumbai slums. Lucid, vivid and illuminating, *City of Thorns* is an urgent human story with deep international repercussions, brought to life through the people who call Dadaab home.

Who decides how, when, and where Americans fall in love and get married? Virginia Wexman's acute observations about movie stars and acting techniques show that Hollywood has often had the most powerful voice in demonstrating socially sanctioned ways of becoming a couple. Until now serious film critics have paid little attention to the impact of performance styles on American romance, and have often treated "patriarchy," "sexuality," and the "couple" as monolithic and unproblematic concepts. Wexman, however, shows how these notions have been periodically transformed in close association with the appearance, behavior, and persona of the stars of films such as *The Maltese Falcon*, *The Big Sleep*, *Way Down East*, *The Man Who Shot Liberty Valance*, *Sunset Boulevard*, *On the Waterfront*, *Nashville*, *House of Games*, and *Do the Right Thing*. The author focuses first on the way in which traditional marriage norms relate to authorship (the Griffith-Gish collaboration) and genre (John Wayne and the Western). Looking at male and female stardom in terms of the development of "companionate marriage," she discusses the love goddess and the impact of method acting on Hollywood's ideals of maleness. Finally she considers the recent breakdown of the ideal of monogamous marriage in relation to Hollywood's experimentation with self-reflexive acting styles. *Creating the Couple* is must reading for film scholars and enthusiasts, and it will fascinate everyone interested in the changing relationships of men and women in modern culture.
