For the aficionado of farm equipment, or the scion of an old farming family nostalgic for the old days, or the grown-up boy who still loves a classic piece of old-time machinery, the vintage tractor can be a thrilling find like no other. This book tells dozens of stories of such discoveries, of the treasured old tractor parked in a shed since 1927, of the pristine model unearthed at an estate sale, of the broken-down old beauty stashed in a barn where generations of children have made their secret hideaways. These are the classic tractors that are often as hard to find as a needle in a haystack—but far more fun to discover, as all of these delightful stories make abundantly clear.

small-town world of pickup trucks and Sunday night pancake dinners, dropping in on neighbors and complaining about the county agent. His depictions of daily life, from the point of view of an ex-dairy farmer and taciturn husband with a twinkle in his eye, are read by 250,000 people a week—and occasionally woven into Prairie Home Companion scripts. These are stories of courtship; childbirth—he offers the delivery room doctor the use of his calf puller; family; neighbors; chores; and the duties of a father—why is it that a man who spends his days in cow manure can ' t change a baby ' s diaper? Knee-slappingly funny one moment, poignant the next, it ' s a very special look at a distinctly American way of life.

Margin Protection Program for Dairy and Dairy Product Donation Program (US Commodity Credit Corporation Regulation) (CCC) (2018 Edition) The Law Library presents the complete text of the Margin Protection Program for Dairy and Dairy Product Donation Program (US Commodity Credit Corporation Regulation) (CCC) (2018 Edition). Updated as of May 29, 2018 This rule implements regulations for the Margin Protection Program for Dairy (MPP-Dairy) and the Dairy Product Donation Program (DPDP) as authorized in subtitle D of the Agricultural Act of 2014 (the 2014 Farm Bill). MPP-Dairy provides dairy producers with risk management coverage that will pay producers when the difference between the price of milk

and the cost of feed (the margin) falls below a certain level. MPP-Dairy provides basic catastrophic level coverage for an administrative fee, and greater coverage for a premium in addition to the administrative fee. Amounts of coverage and premiums vary based on producer selections. This rule specifies the eligibility requirements and payment formulas for MPP-Dairy. Under the related DPDP, which is a complimentary program designed to support producer margins by increasing the price of milk, the U.S. Department of Agriculture (USDA) will buy dairy products when the margin falls below a certain level, and will distribute those products to individuals in low-income groups through public and private non-profit organizations. The Farm Service Agency (FSA) will operate both programs using funds of the Commodity Credit Corporation (CCC). The USDA Food and Nutrition Service (FNS) will assist in the distribution of the dairy products under DPDP. This book contains: - The complete text of the Margin Protection Program for Dairy and Dairy Product Donation Program (US Commodity Credit Corporation Regulation) (CCC) (2018 Edition) - A table of contents with the page number of each section
