The award-winning author of The Four Seasons retells The Odyssey from the point of view of Odysseus and Penelope's daughter. With her father Odysseus gone for twenty years, Xanthe barricades herself in her royal chambers to escape the rapacious suitors who would abduct her to gain the throne. Xanthe turns to her loom to weave the adventures of her life, from her upbringing among servants and slaves, to the years spent in hiding with her mother's cousin, Helen of Troy, to the passion of her sexual awakening in the arms of the man she loves. And when a stranger dressed as a beggar appears at the palace, Xanthe wonders who will be the one to decide her future—a suitor she loathes, a brother she cannot respect, or a father who doesn't know she exists...

Defy the inevitable. Such is the stance of Confederation captain Eric Weston and the crew of the starship Odysseus, patrolling the outer limits of Priminae space, anticipating the Empire's next attacks. Connected with the Terran FTL tech--the transition drive--humanity might stand a chance against the overwhelming forces. Until the entire planetary system goes dark. Outnumbered and outgunned, the Odysseus arrives to find the Empire securing critical intelligence from Priminae ships--data that could prove disastrous in the wrong hands. As the Odysseus enters the fray, the ship's systems exhibit increasingly chaotic glitches, while haunting apparitions stalk the crew. As they struggle to control their own ship--and their sanity--against the tide of battle, how can they hope to grasp victory when the Odysseus itself appears to be coming to life?

"A bold and subversive retelling of the goddess's story," this #1 New York Times bestseller is "both epic and intimate in its scope, recasting the most infamous female figure from the Odyssey as a hero in her own right" (Alexandra Alter, The New York Times). In the house of Helios, god of the sun and mightiest of the Titans, a daughter is born. But Circe is a strange child -- not powerful, like her father, nor viciously alluring like her mother. Turning to the world of mortals for companionship, she discovers that she does possess power -- the power of witchcraft, which can transform rivals into monsters and menace the gods themselves. Threatened, Zeus banishes her to a deserted island, where she hones her occult craft, tames wild beasts and crosses paths with many of the most famous figures in all of mythology, including the Minotaur, Daedalus and his doomed son Icarus, the murderous Medea, and, of course, wily Odysseus. But there is danger, too, for a woman who stands alone, and Circe unwittingly draws the wrath of both men and gods, ultimately finding herself pitted against one of the most terrifying and vengeful of the Olympians. To protect what she loves most, Circe must summon all her strength and choose, once and for all, whether she belongs with the gods she is born from, or the mortals she has come to love. With unforgettable vivid characters, mesmerizing language, and page-turning suspense, Circe is a triumph of storytelling, an intoxicating epic of family rivalry, palace intrigue, love and loss, as well as a celebration of indomitable female strength in a man's world. #1 New York Times Bestseller -- named one of the Best Books of the Year by NPR, the Washington Post, People, Time, Amazon, Entertainment Weekly, Bustle, Newsweek, the A.V. Club, Christian Science Monitor, Refinery 29, BuzzFeed, Paste, Audible, Kirkus, Publishers Weekly, Thrillist, NYPL, Self, Real Simple, Goodreads, Boston Globe, Electric Literature, BookPage, the Guardian, Book Riot, Seattle Times, and Business Insider.

Reveals the striking parallels between indigenous cultures of the Americas and the ancient Homeric world as well as Tolkien's Middle Earth • Explores the shamanic use of healing songs, psychoactive plants, and vision quests at the heart of the Odyssey and the fantasy works of J. R. R. Tolkien • Examines Odysseus's encounters with plant divinities, altered consciousness, animal shapeshifting, and sacred topography--all concepts vital to shamanism • Reveals how the Odyssey emerged precisely at the rupture between modern and primal consciousness Indigenous, shamanic ways of healing and prophecy are not foreign to the West. The native way of viewing the world--that is, understanding our cosmos as living, sentient, and interconnected--can be found hidden throughout Western literature, beginning with the very origin of the European literary tradition: Homer's Odyssey. Weaving together the narrative traditions of the ancient Greeks and Celts, the mythopoetic work of J. R. R. Tolkien, and the voices of plant medicine healers in North and South America, the authors explore the use of healing songs, psychoactive plants, and vision quests at the heart of the Odyssey, The Lord of the Rings trilogy, and Tolkien's final novella, Smith of Wootton Major. The authors examine Odysseus's encounters with plant divinities, altered consciousness, animal shapeshifting, and sacred topography--all concepts vital to shamanism. They show the deep affinities between the healing powers of ancient bardic song and the icaros of the shamans of the Amazon rain forest, how Odysseus's battle with Circe--wielder of narcotic plants and Mistress of Animals--follows the traditional method of negotiating with a plant ally, and how Odysseus's journey to the land of the dead signifies the universal practice of the vision quest, a key part of shamanic initiation. Emerging precisely at the rupture between modern and primal consciousness, Homer's work represents a window into the lost native mind of the Western world. In this way, the Odyssey as well as Tolkien's work can be seen as an awakening and healing song to return us to our native minds and bring our disconnected souls back into harmony with the living cosmos.

After the death of his wife, Matt Caine's in-laws threaten to take custody of his daughter Anna, which leads Matt to the desperate situation of trusting the wrong person to help with the situation.

Plasma pistols, busted ships, and space adventure. Nova is an adventurer with a heart of steel. All she wants is a quiet life and enough money to keep her ship flying. The universe has other plans. Between ancient aliens bent on universal destruction, and a government bent on universal control, Nova can't catch a break. Grab your space racer and strap in - this is going to be one wild ride! If you enjoy space-cowboys, misfit-crews, and adventure, then you'll love The Nova Chronicles. ?Get it now.

The Goddess War begins in Antigoddess, the first installment of the new series by acclaimed author of Anna Dressed in Blood, Kendare Blake. Old Gods never die... Or so Athena thought. But then the feathers started sprouting beneath her skin, invading her lungs like a strange cancer, and Hermes showed up with a fever eating away his flesh. So much for living a quiet eternity in perpetual health. Desperately seeking the cause of their slow, miserable deaths, Athena and Hermes travel the world, gathering allies and discovering enemies both new and old. Their search leads them to Cassandra--an ordinary girl who was once an extraordinary prophethess, protected and loved by a god. These days, Cassandra doesn't involve herself in the business of gods--in fact, she doesn't even know they exist. But she could be the key in a war that is only just beginning. Because Hera, the queen of the gods, has aligned herself with other of the ancient Olympians, who are killing off rivals in an attempt to prolong their own lives. But these anti-gods have become corrupted in their desperation to

survive, horrific caricatures of their former glory. Athena will need every advantage she can get, because immortals don't just flicker out. Every one of them dies in their own way. Some choke on feathers. Others become monsters. All of them rage against their last breath. The Goddess War is about to begin. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, *Infinite Jest* explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, *Infinite Jest* bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Edgy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think." --Sven Birkerts, *The Atlantic*

A disarming novel that asks a simple question: Can gentle people change the world? In this charming and truly unique debut, popular Irish musician Ronan Hession tells the story of two single, thirty-something men who still live with their parents and who are . . . nice. They take care of their parents and play board games together. They like to read. They take satisfaction from their work. They are resolutely kind. And they realize that none of this is considered . . . normal. *Leonard and Hungry Paul* is the story of two friends struggling to protect their understanding of what's meaningful in life. It is about the uncelebrated people of this world -- the gentle, the meek, the humble. And as they struggle to persevere, the book asks a surprisingly enthralling question: Is it really them against the world, or are they on to something?
