!!Buy the Paperback Version of this Book and get the Kindle Book version for FREE !! Have you been hearing a lot about options lately? Most of us have. That's because suddenly options are all the buzz because it's never been easier to trade options than it is now. With the advent of mobile trading, you can be up and trading options before you even finish this book. Options have been a secret way to earn money used by the Wall Street insiders for decades. But now you can do it too, and all you need is your smartphone and some clear instructions on what to do. Learn exactly what an option is. Find out how much you have to pay to buy an option, and how much you can earn selling an option. Discover how to get up and running trading options fast. Secret strategies revealed - use the tricks Wall Street insiders use to minimize risk and maximize profits. Gain wisdom about the methods professionals use to earn profits buying options when everyone else says it's impossible. Find out what an Iron Condor is without being overwhelmed by complicated graphs and charts or high minded explanations. Learn how to sell options without owning any shares of stock and only having minimal amounts of capital. Find out how to use stock you already own in order to make monthly income. Then find out how to make a monthly income from options, without having to own any stock at all! While your friends are panicking with stock declines, learn how you can make money instead. Get insight into ways you can avoid the biggest risks of options trading, and be surprised at how easy it is. Find out what a credit spread is, and why you'd want to sell one. Discover the secrets behind straddles and strangles, and why they can make you thousands of dollars after a corporate earnings call. We'll show you how to develop your own strategy and decide what is important for making profits. Apply safeguards that can ensure that you'll make profits and minimize the potential loss of capital. Learn tips that can help beginners avoid common mistakes. Are you ready to learn about options in a completely straightforward manner, without explanations that are high-minded and hard to understand? If so you should download this book now. Options trading is one of the most exciting, and yet intimidating parts of the stock market. It seems technical and complicated, but what if someone could explain it to you in plain English? In this book we explain options from the ground up, teaching you the basics. You'll hear the advanced strategies explained in an easy to understand manner, rather than having to wade through hard to understand graphs and explanations that sound almost designed to confuse listeners. Instead of doing that, we are going to tell you everything you need to know in order to become a trader, without unnecessary hand waving and arduous details. Read Options Trading for Beginners, and save money and come out understanding things far better than you thought you could have. Scroll Up and Click the Buy Now Button to Get Your Copy!

You really want to get started with trading but don't know how, are there too many sources? Don't you know where to begin? Are the best guides too technical and full of unintelligible jargon? Would you like to invest, but you are not sure of the consequences? Maybe you are fed up with your cash flow not generating extra cash for you. The inflation is eating up your savings and every coin you have tried to invest has been robbed by commissions or bad advisors. All you need is a strategy, and you have finally found the only source that can provide you the foolproof one. Multiplying your money safely and quickly is possible. But you can't base your investments on the advises of your friends, blogs or training on demot. Without a proper guide your chances of success are very slim. Indeed you must invest in a ready-made solution so that you can have all the profits of trading options. You must become aware of the risks, distinguish the types of options and finding frauds underlying them. Ultimate Options Trading Crash Guide will show you how to handle trading psychology and not make you guide by your emotions when you deal with options.
