Consider the humble engagement letter: imagine if you could collect information about a new client during your intake process and then instantly generate a document. Document assembly allows you to click a button and create a document from fields you've saved in a database.

Law Office Management for Paralegals, Fourth Edition is a comprehensive introduction to law office management, emphasizing ethics, law office culture, law office systems, and “soft skills,” such as communications and critical thinking. Assignments are drawn from real-world law office management situations and supported by innovative visual aids and learning tools. Students get hands-on practice with timekeeping, conflicts-checking, file management, trust accounting, business planning, correspondence, and much more. They are exposed to law office software, such as Clio, and learn to perform vital functions using other software and even freeware. Career profiles emphasize the importance of involvement in professional organizations, advancement in the legal field without obtaining a law degree, and that the legal profession is populated by men and women of all ages and backgrounds. New to the Fourth Edition: New ethical discussions: the obligation to keep up with current technology, disaster planning, and dealing with clients using crowdfunding. New technology discussions: artificial intelligence in legal practice, online notarization, client portals, and apps to make the practice of law more efficient and mobile. New discussions of law as a business: features of property insurance, malpractice insurance, insurance for and on employees; trends in office space. New soft skills discussions: dealing with incivility in the legal profession, managing staff through technology changes. Professors and students will benefit from: Author Laurel A. Vietzen’s outstanding reputation in the paralegal market. Drawing on her extensive background as a professor and practitioner, she clearly presents basic law office management and organization. Well-crafted assignments throughout the text help students hone practical skills such as critical thinking, organization, general communication, and computer proficiency. The text is particularly adaptable for an online or hybrid class.

The ABA Journal serves the legal profession. Qualified recipients are lawyers and judges, law students, law librarians and associate members of the American Bar Association.

Risk Management: Survival Tools for Law Firms helps you to establish solid policies, procedures, and systems to minimize your firm's risk. This completely updated and revised edition provides a complete overview of risk management and offers a practical approach to evaluating the state of risk management within your firm.

Current important events in the U.S. legal profession and legal ethics, with useful research and analysis of the rules and the profession's current status, are explored by Tulane law students from an advanced ethics seminar. The collection is edited by Tulane legal ethics professor Steven Alan Childress, and he previews in his Foreword the students' explorations of the big stories of 2011. Purchase of this book benefits Tulane's Public Interest Law Foundation, a nonprofit student group that funds public interest placements and indigent client representations throughout the country. The timely topics include: prosecutorial relationships with public defenders, bar discipline for behavior outside the practice of law, false guilty pleas, the capital defense of Jared Loughner, Justice Scalia's seminar for conservative congressmembers, sensitivity to "cultural competence," legal outsourcing and competition, the dilemma of student debt in a slowed legal economy, the practice of law by legal websites like LegalZoom, and the advocate-witness rule.

Developed through 20 years of experience in auditing practice for clients in a broad spectrum of industries and up-to-date through SAS-112, the CPA's Guide to Management Letter Comments provides literally hundreds of management comment examples for numerous situations that that are encountered by real firms working with real clients. Beginning with an example of the actual opening paragraph of a management letter, this compendium continues through all critical areas encountered during an audit and ends with suggested closing paragraphs so that even a first-time management letter preparer can produce a high-quality final product like a well-seasoned auditor.

Designed specifically to help practitioners prevail in the current climate of intense scrutiny, Audit Procedures presents the conservative and cost-effective approach needed to conduct a higher-quality audit of nonpublic commercial entities. Practical discussion and consideration of the day-to-day management of audit engagements enhance the quality of the auditor's practice while easy-to-read and easy-to-understand advice, procedures, and practice aids enable practitioners to put official pronouncements into action immediately. The 2008 Edition integrates Knowledge-Based Audits of Commercial Entities and explains the AICPA's Auditing Standards Board's new risk assessment standards, which represent significant changes to existing audit practice.

CCH's Not-for-Profit Organization Audits with Single Audits combines into one comprehensive, easy-to-use guide everything an auditor needs to perform audits of financial statements, audits in accordance with Government Auditing Standards, and single audits in accordance with Office of Management and Budget (OMB) Circular A-133. Comprehensive coverage of the relevant technical literature is combined with user-friendly advice based on actual experience, resulting in a technically sound and extremely usable audit guide.
