But the price of that knowledge may be higher than she can pay. At the heart of the empire, Teresa Duarte prepares to take on the burden of her father's godlike ambition. The sociopathic scientist Paolo Cortázar and the Mephistophelian prisoner James Holden are only two of the dangers in a palace thick with intrigue, but Teresa has a mind of her own and secrets even her father the emperor doesn't guess. And throughout the wide human empire, the scattered crew of the Rocinante fights a brave rear-guard action against Duarte's authoritarian regime. Memory of the old order falls away, and a future under Laconia's eternal rule -- and with it, a battle that humanity can only lose -- seems more and more certain. Because against the terrors that lie between worlds, courage and ambition will not be enough... Now a Prime Original series. HUGO AWARD WINNER FOR BEST SERIES Enter a new frontier. "An empty apartment, a missing family, that's creepy. But this is like finding a military base with no one on it. James Holden and the crew of his one small ship are sent to make peace in the midst of war and sense in the midst of chaos.
