The Million Word Crossword Dictionary was hailed by New York Times crossword editor Will Shortz as "the largest, most up-to-date, and most useful" and praised by crossword editors from all over the country. Now, noted crossword experts Stan Newman and Dan Stark provide the next "million word" tool to send your solving skills soaring. This radically comprehensive word finder can be used when two or more letters are known in crossword answers of 3 to 7 letters. Slang terms and celebrity names are included, providing the topicality and comprehensiveness you've come to expect from the Million Word brand. In addition, a unique crossword answer glossary lists more than 20,000 definitions for less common or potentially confusing words. The biggest and most complete answer book ever, The Million Word Crossword Answer Book is your master key for unlocking any crossword puzzle.

Take students in grades 5 and up on a field trip without leaving the classroom using World Geography Puzzles! In this 80-page book, students explore the five themes of geography and the world continents with crosswords, word searches, word scrambles, decoding, hidden messages, and last letter/first letter puzzles. The activities reinforce vocabulary and concepts of location, human-environment interaction, movement, and regions. Activities for each continent highlight cities, physical features, cultures, and ideas.

Artificial intelligence has recently been re-energized to provide the clues needed to resolve complicated problems. AI is also expected to play a central role in enhancing a wide variety of daily activities. JSAI (The Japanese Society for Artificial Intelligence) is responsible for boosting the activities of AI researchers in Japan, and their series of annual conferences offers attractive forums for the exposition of the latest achievements and inter-group communication. In the past, the best papers of the conferences were published in the LNAI series. This book consists of award papers from the 22nd annual conference of the JSAI (JSAI 2008) and selected papers from the three co-located workshops. Eight papers were selected among more than 400 presentations at the conference and 18 papers were selected from the 34 presentations at the co-located workshops; Logic and Engineering of Natural Language Semantics 5 (LENLS 2008), the 2nd International Workshop on Juris-informatics (JURISIN 2008), and the First International Workshop on Laughter in Interaction and Body Movement (LIBM 2008). The award papers from JSAI 2008 were selected through a rigorous selection process. In the process, papers recommended by session chairs, session commentators, and PC members were carefully reviewed, before the final decision was made.
